### Waterproof High Definition (HD) CameraCorder™

Imagine taking photos and video of your friends and family UNDERWATER!

The new VPC-CA9/E9 captures both high resolution 9 megapixel digital still photos and High Definition video UNDERWATER! At the beach or on the ski slopes, the CA9/E9 is ideal for people with active lifestyles as the CA9/E9 is pocket-size and both a high performance digital still camera and movie camera. This unique CameraCorder™ also offers face detection for both still photos and video and is designed to easily upload video to social networking websites such as YouTube and portable digital media players such as the iPod Video.

- Waterproof CameraCorder™ \*
