Product highlights

Exclusive design

With its smooth curves and a soft-touch rubber finish, the Philips USB flash drive is an exclusive device with a stunning design.

Integrated cap

The cap to protect the USB connector is integrated in the product design so that it stays attached to the drive when not in use and is impossible to lose.

Activity indicator

An appealing glow shows you the drive is properly connected and working, and pulsates faster when copying files to or from its memory.

Easy to use software included

A complete software suite is included, which will run automatically from the USB flash drive and gives you access to useful features like, Password protection, File synchronization, Data compression, USB lost & found, and USB information. Additionally, it comes with a 30-day trial for Portable Microsoft Outlook Express, Favorites synchronization and No-trace internet browsing.

8GB storage capacity

A useful 8GB gives you the capacity to swap and share much larger or more files via the USB port of your PC or laptop.

Fast data transfer

High-speed data transfer rates significantly cut annoying waiting time when you're copying large multimedia files to or from your computer's hard disk.

Password protection

Due to password protection including 256-bit AES encryption, your valuable personal data can be protected from unauthorized access by simply using a password.
