## Product highlights

### Exclusive design

*With its smooth curves and a soft-touch rubber finish, the Philips USB flash drive is an exclusive device with a stunning design.*

### Integrated cap

*The cap to protect the USB connector is integrated into the product design so that it stays attached to the drive when not in use and is impossible to lose.*

### Activity indicator

*An appealing glow shows you the drive is properly connected and working, and pulsates faster when copying files to or from its memory.*

### Easy-to-use software included

*A complete software suite is included and will run automatically from the USB flash drive, giving you access to useful features such as Password protection, File synchronisation, Data compression, USB lost & found and USB information. Additionally, it comes with a 30-day trial for Portable Microsoft Outlook Express, Favourites synchronisation and No-trace Internet browsing.*

### 1GB storage capacity

*A useful 1GB gives you the capacity to store, swap and share large files like documents, music and pictures via the USB port of your PC or laptop.*

### Fast data transfer

*High-speed data transfer rates significantly cut annoying waiting time when you're copying large multimedia files to or from your computer's hard disk.*

### Password protection

*Due to password protection including 256-bit AES encryption, your valuable personal data can be protected from unauthorised access by simply using a password.*
