Frequency - Don't underestimate. Binding machines are categorized by usage level and office size to best support your needs.

- Frequent usage – recommended for larger offices and professional services
- Moderate usage – recommended for medium to large sized offices
- Occasional usage – recommended for home and small offices

Tip: Don't waste your time. The automatic ProClick® Pronto™ P3000 can bind so quickly, you will have time to spare.

Spine Type – The average bound document is 40 to 50 pages. Ensure that your spine choice can support your document size.

Maximum capacity per bound presentation

- ProClick® – up to 110 sheets
- CombBind® - up to 425 sheets
- VeloBind® - up to 200 sheets
- WireBind - up to 110 sheets

Tip: To prevent mis-punched sheets, use the new GuideRight™ machines to ensure all sheets are properly aligned before punching.

See our full line of GBC® covers for great ways to prepare stylish presentations.
