Precautions

CAUTION: To reduce the risk of electric shock, do not remove the cover or back. Refer servicing to qualified service personnel.

The lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

The apparatus should not be exposed to dripping or splashing area. No objects filled with

liquids, such as vases, should be placed on the apparatus.

Safety Warnings

Leave 15cm for ventilation.

Do not block the pipe of the subwoofer.

Do not open the cover and do not repair yourself.
Refer servicing to qualified personnel.

Do not function the system when liquid gets into the subwoofer.

Do not climb on this system.
