Step A *Connect*

1 Connect the speaker wires to the **SPEAKERS** terminals, right speaker to "**RIGHT**" and left speaker to "**LEFT**", coloured (marked) wire to "**+**" and black (unmarked) wire to "**–**".

2 For radio reception, connect the supplied **MW antenna** to the "MW AERIAL" terminal.
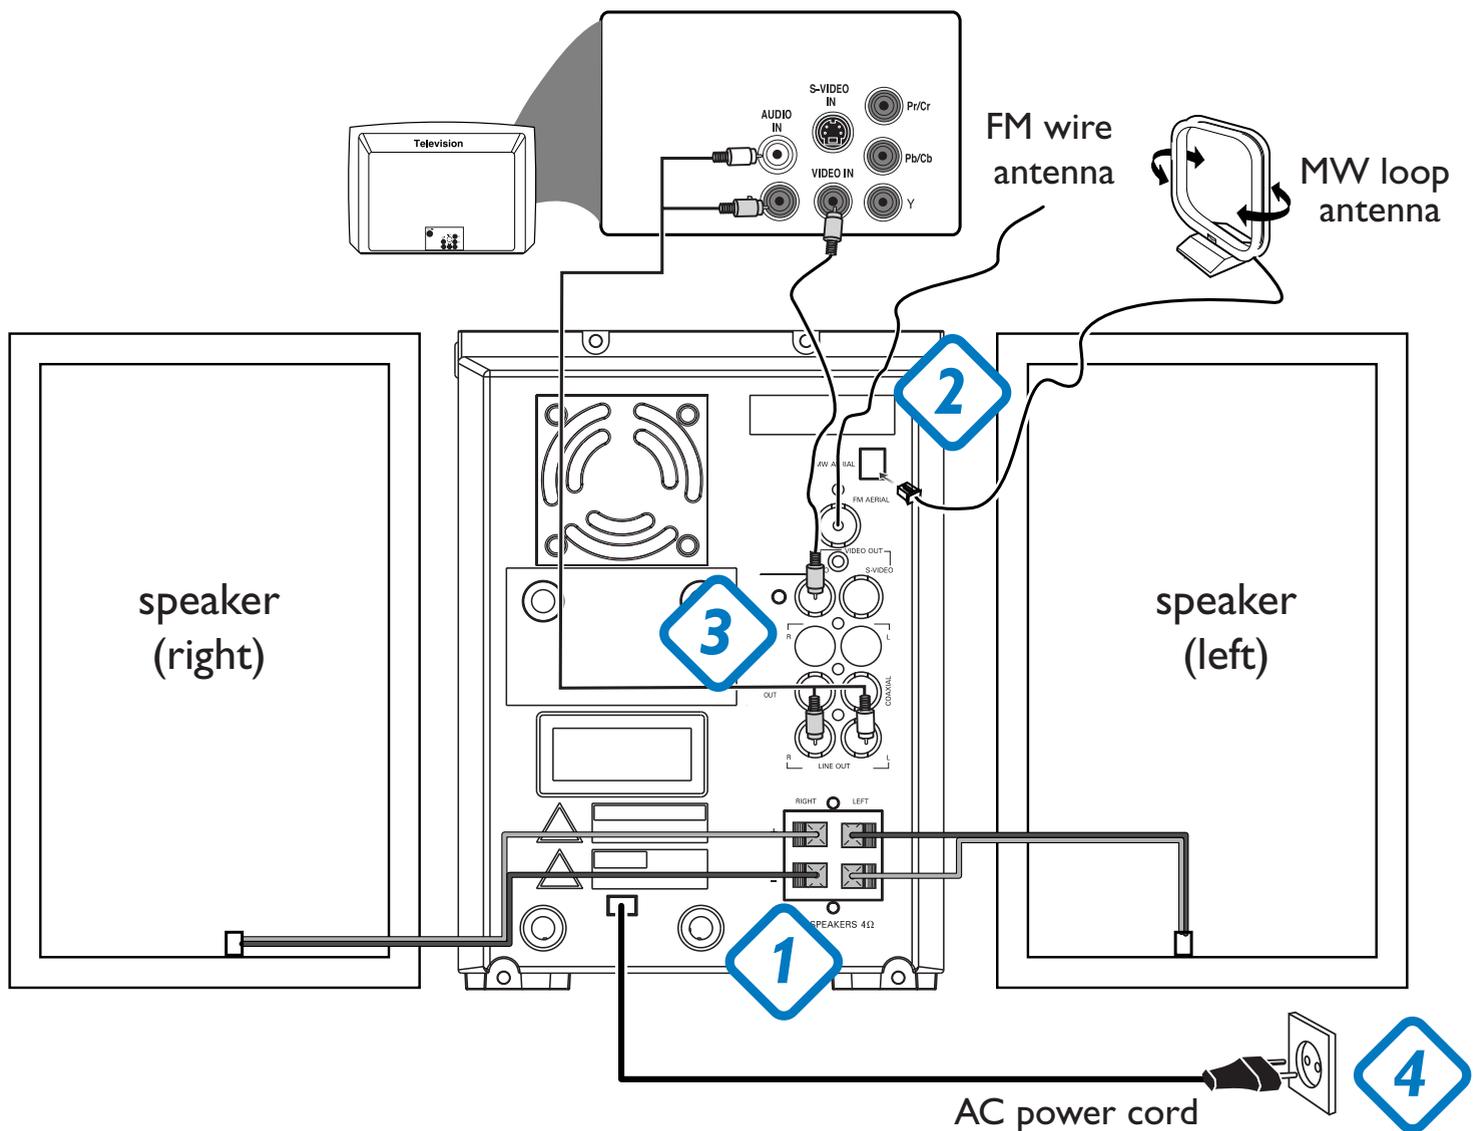

> *Tip*
> *It is unnecessary to connect the FM pigtail antenna since it is fixed to the main unit.*

3 Use the composite video cable (yellow) to connect the system's **VIDEO** jack to the video input jack (or labeled as A/V In, Video In, Composite or Baseband) on the TV set.

4 Connect the power cord of the DVD system to the AC power outlet.

> *Tip*
> *See the User Manual for other TV connection options.*

Setting up the TV

1 Press **STANDBY ON** ⏻ on the front panel of the DVD player or ⏻ on the remote to switch the DVD system on and then select the disc source.

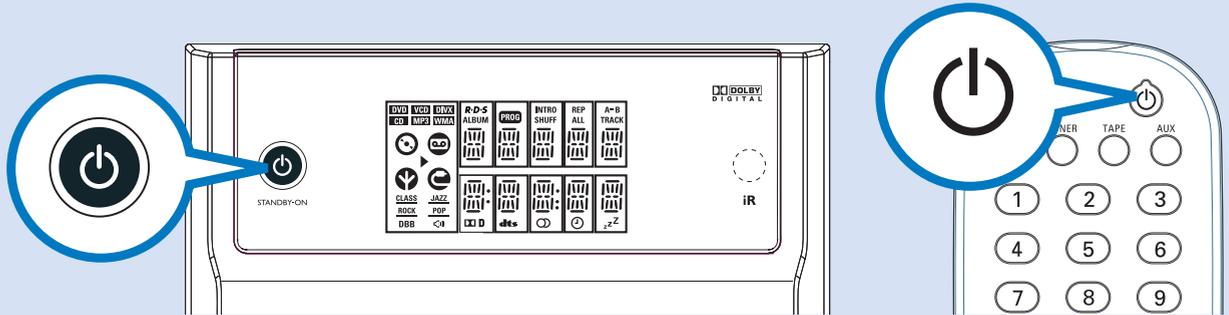

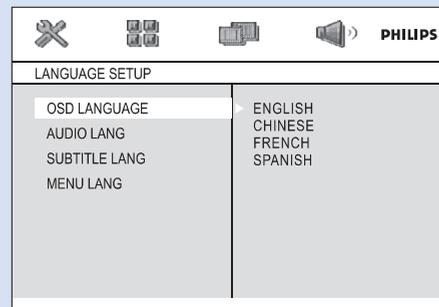

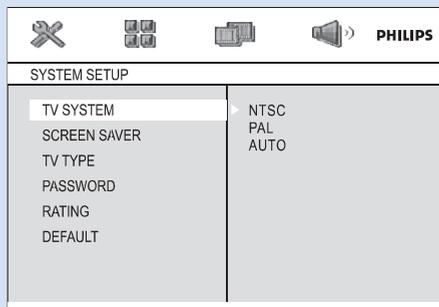

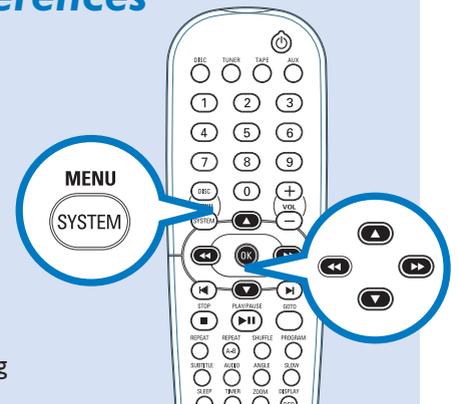

2 Switch on the TV set and set to the correct video-in channel until the blue Philips DVD background screen appears on the TV.

> *Tip*
> *See your TV manual for more details.*

Setting up the TV Type and Language Preferences

1 In the stop mode or during playback, press **SYSTEM MENU** on the remote to enter the system menu.

2 Press ◄◄/►► on the remote to enter 'SYSTEM SETUP'. Then, select the color system matching your TV and the TV type using ◄◄/►►/▲/▼ on the remote.

3 Press ◄◄/►► on the remote to enter 'LANGUAGE SETUP' and select the preferred OSD language, audio language, subtitle language and menu language using ◄◄/►►/▲/▼ on the remote.
