Manual abstract:

Remote control unit The optionally available RC 08 infrared remote control unit allows you to conveniently operate the most important system functions from the steering wheel. *Amplifiers* All Blaupunkt amplifiers can be used. *CD changers* The following CD changers can be connected directly: CDC A 06, CDC A 08, CDC A 072 and IDC A 09. The CDC A 05 and CDC A 071 can be connected with an adapter cable (Blaupunkt no. 7 607 889 093). The Minnesota DJ30 and the Ontario DJ30 both come included with the CDC A 08 CD changer. *Traffic safety* Traffic safety is always the top priority. Do not attempt to operate your car audio system unless the traffic conditions permit. Familiarize yourself with the equipment before you start driving. Always make sure that you are still able to hear any warning signals coming from outside the vehicle, such as police or fire engine sirens, at all times.

As a result, please always select a moderate volume for playing your car audio system while you are driving. *Guarantee* The scope of the guarantee is determined by the laws in the country where the unit is purchased. Regardless of the legal guarantee regulations, Blaupunkt affords a 12-month guarantee. If you have any questions about the guarantee, please contact your authorised Blaupunkt dealer. Your cash register receipt is a valid guarantee coupon.

Installation If you would like to install your new car stereo yourself or add other audio components to the existing ones, then please read the instructions on installation and connection at the end of this manual carefully. *International telephone information* If you have any questions on the operation of this equipment or require more information, just give us a call! You will find the international telephone and fax numbers on the last page of this manual.

Accessories Use only Blaupunkt-approved accessories. **26 THEFT PROTECTION SYSTEM** *Removable front panel* Your new car audio system (Boston C30, Dublin C30, Montreux C30 and Ontario DJ30) has been equipped with a removable front panel (release panel) to protect it against theft. Without this operating panel, the equipment is useless to thieves.

Protect your car audio system against theft and take the operating panel with you each time you leave the vehicle. Never leave the release panel in the car, even if it is well hidden. The panel has been designed so that it is easy to remove. *Notes:* Do not drop the release panel. Do not expose the release panel to direct sunlight or other heat sources. Do not expose the release panel to moisture. Store the release panel in the case supplied. Removing the operating panel

Replacing the operating panel guides from left to right. Press the left-hand side of the panel onto the car audio system until it locks into place. Press 1.

The release panel will unlock. **1 27 PORTUGUÊS** Note: While replacing the panel, be careful not to press on the display. If the car audio system was on when you removed the panel, it will automatically switch back on using the same settings when you replace it (radio, tape deck or CD changer). **ESPAÑOL**

SVENSKA NEDERLANDS ITALIANO Slide the operating panel into the **FRANÇAIS** ward and then slide it to the left to remove it. When you remove the operating panel, the car audio system will automatically switch off. All of the settings will remain stored. A cassette tape inserted into the car audio system will remain in place. **ENGLISH DEUTSCH** Theft protection system First pull the operating panel for- **THEFT PROTECTION Code** theft protection To protect your car audio system against theft, it has been equipped with a fourdigit code number. This number has to be entered each time the car audio system is disconnected from its power supply. The code inquiry is not activated for the car audio system at the factory, but you can activate it yourself.

You will find the code number in the Radio Pass. Note: Do not leave the Radio Pass in your vehicle! Activating/deactivating the code Entering the code number Switch on the car audio system. "CODE" and then "0000" will appear in the display. Press station key 1 @ repeatedly until the first digit of your code number appears in the display. Press station key 2 @ repeatedly until the second digit of your code number appears in the display.
