Press and hold this to initiate various Wireless Transmitter pairing activities

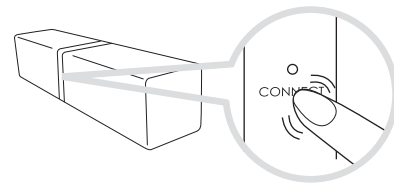

List of Compatible iPhone and iPod models

**Disclaimer 5th Generation iPod FM radio function is not supported

To pair and connect

To begin enjoying high performance wireless music on your iPhone and iPod, follow the following steps.

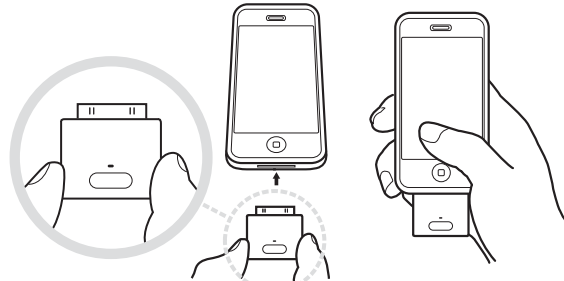

- Set your respective speaker / device** into pairing mode

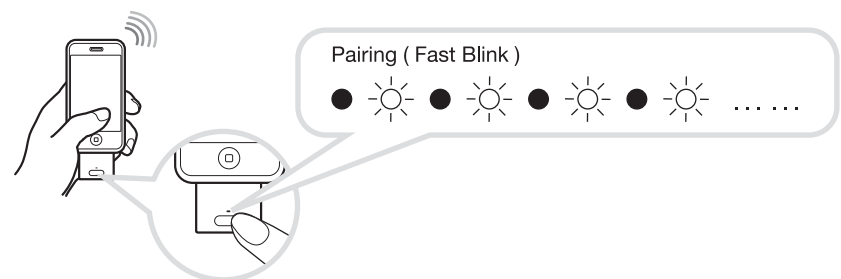

* ZiiSound D5 for illustration only. Not included
Optimized for use with the ZiiSound D5, Inspire S2 Wireless, Creative D100 and Creative D200 *Bluetooth*® Speakers

** For other *Bluetooth* compliant devices, please refer to your manufacturer's user manual on how to put your device into pairing mode to accept connections.

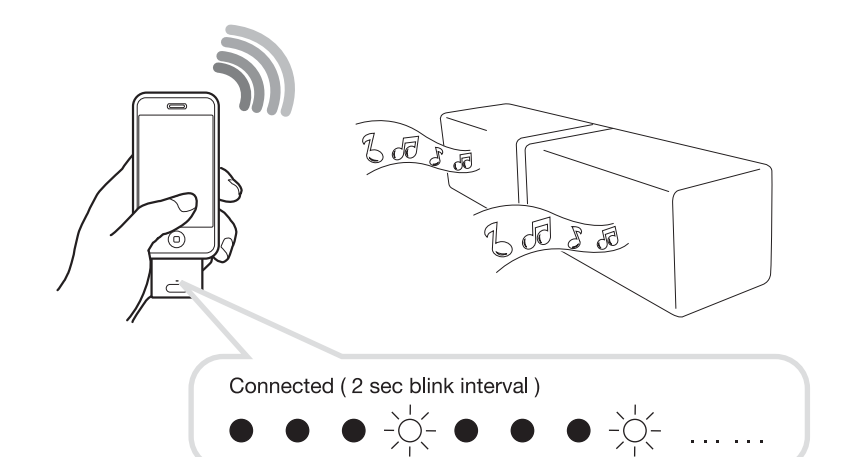

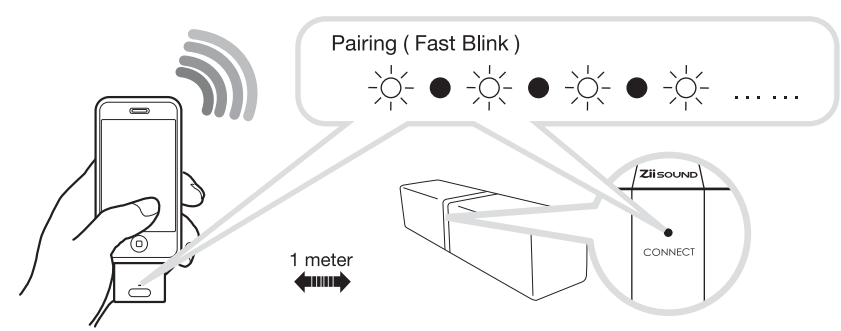

- Insert the BT-D5 to your iPhone or iPod

- Press and hold the CONNECT Button for 3 second, then release to enter pairing mode

- Put both devices close to each other

To disconnect from the BT-D5

Simply plug out the BT-D5 from your iPhone or iPod

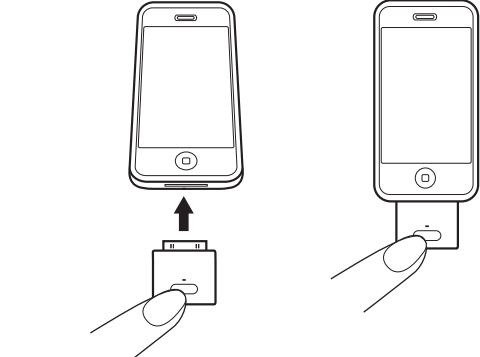

To switch between paired Bluetooth devices

Simply press the CONNECT button once with the receiving *Bluetooth* device ready to accept connection.

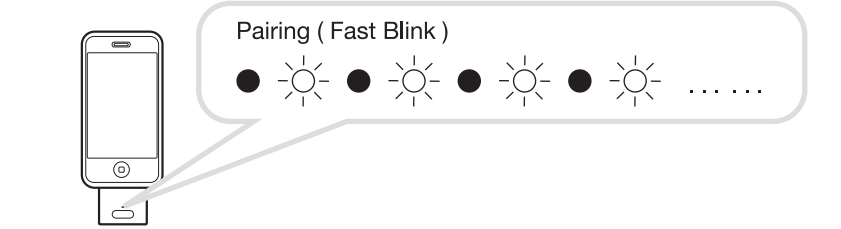

Note: The next receiving *Bluetooth* device should be paired to the BT-D5 prior to the above operation.

To reset the BT-D5 and clear paired device memory

- Press and hold the CONNECT button while inserting the BT-D5 into the iPhone or iPod. Then remain holding for 8 seconds and release.

- BT-D5 has been reset, and in pairing mode.

FAQ (Frequently asked questions)

When I insert the BT-D5 into the iPhone or iPod, I do not see any LED indication.

- You can try the following
- Unplug the BT-D5 and reinsert it into the iPhone or iPod
 - Ensure that the iPhone or iPod is powered on
 - Insert the BT-D5 into another iPhone or iPod to check if the BT-D5 flashes any LED indication
 - Reset the BT-D5 by following steps in "To reset the BT-D5 and clear paired device memory"
 - If the problem persists, please contact technical support

I have tried to put the BT-D5 into pairing mode but I am unable to connect to another Bluetooth device.

- You can try the following
- Plug out the BT-D5 and re-insert it back into the iPhone or iPod. Wait for the Led to turn from steady blue to flashing then press the CONNECT button for 3 - 4 seconds and release. The LED indication should have changed to Fast Blink. Now put your receiving device into pairing mode and wait for pairing to be completed
 - Reset the BT-D5 by following steps in "To reset the BT-D5 and clear paired device memory"
 - If the problem persists, please contact technical support

No music is streaming from my computer to my speaker / other Bluetooth compliant device. What should I do?

- You can try the following
- Close the offending program and re-open it again. Now start playing music
 - Plug out the BT-D5 and re-insert it into the iPhone or iPod. Wait for the BT-D5 to connect successfully and try to stream music from your iPhone or iPod again
