

MultiTrend front loader

Rugged notebook case in leather optics

A lockable notebook case to safely store notebooks up to 15".

The especially effective yet lightweight High Density Foam (20mm) cushioning protects the notebook from knocks and bumps.

All accessories are easily stowed away in well designed compartments. Mobile phone, pens, business cards etc are always handy in the newly designed front pocket whilst the workstation (with new extractable CD compartment) offers plenty of additional storage space for other mobile accessories. There are two document holders on the rear of the case, one of which is zippered. Power supply units and cables are neatly stored in the removable meshed cable bag.

The MultiTrend is a pleasure to transport - the well designed soft carry handle, padded shoulder strap and trolley fastening strap make for comfortable carrying on its own or as part of more luggage.

The high-quality look-alike leather gives your MultiTrend a classy leather optic.
