Packaging

- Closed box

Product highlights

Flex & Pivot Action

Three independently flexing heads in a shaving unit that swivels with a full range of motion. This unique combination ensures optimum skin contact in curved areas to catch even the most problematic neck hair.

Triple-Track shaving heads

The three shaving tracks of the Triple-Track shaving heads offer 50% more shaving surface than standard, single track rotary shaving heads.

Super Lift & Cut technology

The dual blade system lifts hairs to cut comfortably below skin level.

Precision Cutting System

Ultra thin heads with slots to shave the long hairs and holes to shave even the shortest stubble.

Precision tube trimmer

Patented tube trimmer technology for great precision and maneuverability. Perfect for contouring and trimming moustache and sideburns.

Washable shaver

The waterproof shaver can be easily rinsed under the tap.
