Headset overview

Thank you for purchasing the Samsung Bluetooth Stereo Headset SBH500, we hope you will be delighted with its operation.

Take a moment before you get started to familiarize yourself with your new headset.

Check the accessories

Make sure you have the following items with your headset: Travel adapter, User's Guide

- ✓ **NOTE:**
The items supplied with your headset and the accessories at your Samsung dealer may vary, depending on you country or service provider.

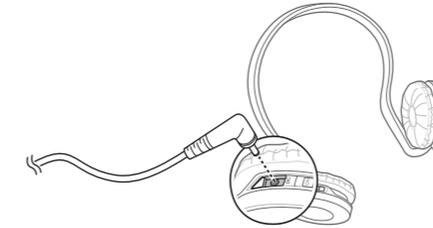

Supported Bluetooth profiles:

- Advanced Audio Distribution Profile
- Audio/Video Remote Control Profile
- Headset Profile
- Hands-Free Profile

Charge your headset

Charge the headset's battery fully before using the headset for the first time.

- 1 Open the adapter jack cover and plug the travel adapter into the adapter jack.
- 2 Plug the travel adapter into the AC wall outlet.

- Charge the headset until the red light on the headset turns to blue.
- The headset will be fully charged in approximately 3 hours.

- ✓ **NOTES:**
 - The headset cannot be used while charging.
 - Use only a Samsung-approved charger or adapter.

Put your headset in pairing mode

Before you can use your headset, you must pair it with your phone.

- If you turn on the headset for the first time, it proceeds into pairing mode immediately.
- If you have paired the headset with other Bluetooth devices, make sure that the headset is off (see **Turn headset on or off** on the reverse side of this guide). Then turn on the headset with pressing and holding **⓪**. After the indicator sequentially flashes blue, red, and purple twice, it will turn to blue.

Turn on Bluetooth on your phone and pair with headset

- 1 Set your Bluetooth phone to discover the headset by following your phone user's guide.

Typically, the steps involve going to the **Settings**, **Connection**, or **Bluetooth** menu on your phone and then selecting the option to discover Bluetooth devices.

Your phone will find the Samsung SBH500 headset.

- 2 Select **Samsung SBH500**.
- 3 When the phone asks if you want to pair with it, confirm by selecting **Yes** or **OK**.
- 4 Enter the headset passkey or PIN, **0000**.

Test and use

Your phone and headset are now paired and ready to make and receive calls. To confirm they are operating properly, make a call:

- 1 Place the headset over your ear. See **Wear the headset** on the reverse side of this guide.
- 2 On your phone, make a call to the number you want.
- 3 If your phone and headset are successfully paired, you will hear ringing on the headset.

After you have successfully paired your phone and headset, you do not need to repeat these initial setup steps each time you use the headset.

Using your headset

See **Features and Functions Guide** on the reverse side of this guide for information on using your SBH500.

Features and Functions Guide

SAMSUNG Bluetooth Stereo Headset SBH500

! Important:

Be sure to first follow the Quick Start Guide on the reverse side of this guide to complete initial setup of your headset.
