Retractable Cables Travel Pack #1

Ultra Cord 12-Piece Retractable Cable Kit

The Ultra-Cord retractable cable kit by Ultra is the perfect travel companion for any road warrior. It includes everything you need in one simply package-RJ45, RJ11, USB and Firewire cables plus adapters to fit any connection. Each cable features a clutter-busting retractable cord that virtually eliminates tangles and unsightly bulky cable mess. The beautiful carrying case, with its soft foam insert, holds all 12 pieces safe and secure. This is the ideal cable package for anyone who's on the move.

This Kit Includes

• USB AM/AF Cables (Opens to 59")

Connect Your Computer to Type A USB Devices - These high-quality cables give you the flexibility to plug in a USB enabled scanner, printer, camera and other devices in just seconds!

• Firewire Cable (Opens to 59")

Connects Your Computer to 6-Pin Firewire Devices - The only retractable Firewire cable in the world that transmits at full Firewire speed - an amazing 400Mbps! Providing the ultimate in convenient portability, this extra-thick, durable retractable cable eliminates the need for you to carry a cumbersome FireWire cable with you when you're on the road.

• RJ-45 Cable (Opens to 50")

Connects your Computer to Networks - You can hook into your office network easily with this incredibly quick 10/100 Ethernet

• RJ-11 Cable (Opens to 50")

Connects Your Computer Modem to a Phone Jack - Provides a Fast Connection from Your Computer Modem to a Dial-up Network Via a Telephone Jack. Plus, this convenient, retractable cable is portable enough to store in any notebook bag.

• USB Adapter

Connects USB AM-AF Cable to Mini 4-Pin USB Devices - This super-fast adapter is ideal for lightning-fast connections to today's popular MPC players and other small devices.

• USB Extender

Works as an Extension for Connecting Two USB Cables - Don't let yourself get caught short! Combine two USB-A cables with this USB-A extension adapter to form a new longer cable!

• USB Adapter

Connects USB AM-AF Cable to Mini 5-Pin USB Devices - This super-fast adapter is ideal for lightning-fast connections to today's popular MPC players and other small devices.

• 2 - Firewire Adapters

Connect 6-Pin Male Firewire Cable to 4-Pin Female Firewire Devices - Gives you great versatility, as many digital video cameras, notebooks and MP3 players use this lightning-fast connection.

• USB Adapter

Connects 6-Pin Male Cable to 4-Pin Female Devices - This super-fast adapter is ideal for lightning-fast connections to today's popular MPC players and other small devices.

• Headset with Microphone

Connects to Your Computer or Recording Devices - This Cable Features a clutter-busting retractable cord that virtually eliminates tangles and unsightly cable mess.

• USB Two Button Optical Scroll Mouse

Ultra small - and ready to go when you are - Just plug this hot little mouse into your notebook or desktop!
