

# AeroCase toploader

[www.hypertec.co.uk](http://www.hypertec.co.uk)

*An elegant pilot case for notebook, printer, and accessories*

The AeroCase is the perfect travel companion to transport your notebook, printer/projector, mobile accessories, and documents.

The notebook compartment is perfectly cushioned and is protected from the top so even the notebook connections are protected. Printer, projector or large folders are securely placed in the large main compartment and documents can also be easily stored in the integrated accordion-like file sleeves.

Mobile accessories can be stored in the lockable zip-down workstation and power supply units are comfortably transported in the separate cable bag.

The AeroCase is made of durable Koskin and the integrated handle and frame reinforcements make the case very sturdy whilst the adjustable combination locks provide additional security and peace of mind on the road.
