

# UltraCase Twin toploader

**Maximum safety for 15.4" notebooks, thanks to shock absorbing Permanent Air Cells.**

The safety briefcase Ultracase Twin is equipped with patented and extremely robust Permanent Air Cells (PAC), offering reliable safety from all 6 sides. The flexible PAC automatically adjust to the height of the notebook, perfectly absorbing any knocks and blows and also protecting the corners and edges.

The padded all-purpose compartment has room for a printer, projector, or documents. Further storage space is provided in the document compartment which is divided into 2 pockets. The workstation holds further storage space for mobile equipment (PDAs, CDs, pens etc), with numerous other products also providing room for other accessories. The supplied cable bag holds all cables and power supply units.

The especially soft, double riveted carry handle turns transport into a comfortable pleasure - further carrying options are provided by the shoulder strap and the trolley fastening strap.

The UltraCase Twin is manufactured from durable, water-repellent 2520 D Nylon.

**Specification:**

|                                |   |
|--------------------------------|---|
| Colour:                        | Black   |
| Dimensions:                    | 430mm x 330mm x 200mm OR 16.9" x 13.0" x 7.9" |
| Weight:                        | 2.8kg   |
| Material:                      | 2520D Nylon                                   |
