

LadySpirit toploader

A ladies' notebook bag with a sporty feel

The cushioned notebook compartment of the LadySpirit reliably protects your computer whilst the integrated workstation creates order for your mobile phone, pens, keys, and more. Power supply units and cables can be comfortably stored in the separate cable bag, and documents in the spacious outside pockets.

In an additional zip locked compartment, there is room for make up, mirror and other personal belongings. The removable and hidden shoulder strap lets you choose between carrying the LadySpirit over the shoulder or in the hand.

An exclusive touch is added by the stitched seams in bicolour optics, and the attractive material mix.

Available in black.
