

BacPac Rain backpack

A sporty notebook backpack with rain protection.

Come rain or shine, the BacPac Rain will protect your mobile computing equipment from any rainy surprises!

The integrated rain cover (stowed in the floor of the bag) provides perfect protection from moisture - the water repellent hull is simply pulled straight over the front and top of the bag.

The notebook is securely protected in the cushioned notebook compartment, with adjustable cushioned shoulder straps and back cushioning making carrying this bag a true pleasure.

To maximise storage, the BacPac Rain offers a notebook compartment, attached front pockets for mobile accessories, power supply units, keys etc; with a special side opening for headphones allowing you to use your mobile phone or mp3 player completely hands free!
