

LadyCareer toploader

A notebook attache with an elegant business look.

The cushioned notebook compartment of the LadyCareer protects your notebook perfectly.

With stretchable folds that adjust to the contents of the bag, documents are easily stowed in the large interior or exterior compartments, mobiles, pens, keys, etc can all be kept in the integrated workstation, and power supply units and cables can be comfortably stored in the separate cable bag.

The removable shoulder strap lets you choose between carrying the LadyCareer over the shoulder or in the hand, and is completely adjustable for all options.

Discreet details such as the colourfully accented seams, glossy black interior lining, and high-quality silver-coloured metal fittings turn this useful bag into a real head turner.

Available in black.
