**LA-334 Basic Suitcase**

The ATA type suitcases are for use in applications where the DCN will not be used in one fixed location, and therefore has to be easily transportable. This is often the case in hotels, local government authorities or large conference venues with many meeting rooms. The suitcases are rugged and hard wearing, with metal edges, reinforced corner pieces and quick release fasteners. The internal packing is specially shaped to accommodate the various DCN elements, which gives ample protection while making packing and unpacking quick and easy. Designed to hold 5 interpreters units, central control unit or audio media interface and power supply unit, extension cables, dual audio interface unit and handheld microphone.

Specifications

Dimensions (H x W x D)	15.7 x 26 x 11.2 in. (400 x 660 x 285 mm)
Weight	23 lbs. (10.6 kg)
Color	dark grey
