Nilfisk Commercial Vacuum Cleaner

Nilfisk GD 911 battery

Battery powered for hassle-free cleaning

Not only does the GD 911 battery enhance Nilfisk's global leading position as a 'one-stop' source of quality professional cleaning equipment, it is testament to our policy of meeting the needs of our customers. In this case, the need is for a productive and reliable battery-powered commercial vacuum that allows unrestricted cleaning at a very low sound level, making daytime cleaning convenient and hassle-free.

Designed to the usual high standards expected of an industry leader, the Nilfisk GD 911 battery provides best-in-class features such as 60 minutes of continuous running time, strong suction power, and the ultimate in user-friendliness.

The battery-powered GD 911 provides cleaning convenience at a low sound level for all commercial and institutional facilities.

The GD 911 battery is fitted with a large carrying handle for easy lifting.

There's a storage place for all accessories with the Nilfisk GD 911 battery

Better performance and no cord

- Strong suction power means high dust pick-up and productive work
- 60 minutes running time between charging makes daytime cleaning truly viable. Extra batteries are optional
- Fast and easy re-charging minimises downtime
- Large 10-litre dust bag is superbly designed to ensure excellent net-filling capability
- Robust construction withstands daily use for longer working life
- User-friendly design reduces fatigue and increases efficiency
- Battery operation means vacuuming anywhere at a low sound level
- No cable means clean anywhere at any time and no hassle of looking for electrical sockets means time saved

Batteries are easily accessed for charging and replacement. Orange batteries for warning/safety.

Hose damage can easily be repaired thanks to the cut-and-fix system.

The vacuum cleaner has 2 castors in the front for easy manoeuvring

Large dust bag is designed for maximum filling
