

Keep your kitchen odour free thanks to Zanussi's innovative cooker hoods. Easy to use and easy to clean, Zanussi is always looking to be your partner in the kitchen.

STYLISH DESIGN

Zanussi combines brilliant design with stunning good looks. Our range of stainless steel chimney hoods with glass canopies are all designed to complement your oven and hob perfectly.

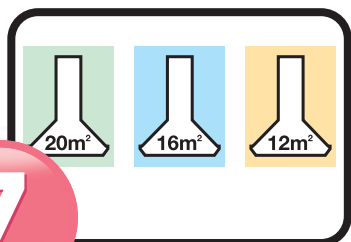

UP TO 5 SPEEDS

Make kitchen odours a thing of the past thanks to Zanussi's variable settings. With 3 to 5 speed levels to choose from including an intensive option on some models, Zanussi hoods will deliver extremely high extraction rates with minimum noise, to keep your kitchen fresh.

FILTERS

Whether you prefer a hood that extracts or re-circulates air you certainly won't have any trouble with our filters. You can choose between metal filters that can be washed in a dishwasher or synthetic filters with saturation indicators that let you know when they need changing. Zanussi lets you decide.

ALL SHAPES AND SIZES

Zanussi hoods come in a variety of shapes and sizes, ranging up to 90cm. To make life easier these symbols will help you easily identify which hood is right for your kitchen. Zanussi - the perfect fit!

The measurements in the above box relate to the floor space of the kitchen and may help to ensure that you select the correct hood for your kitchen that will deal with vapour, airborne grease and odours.
