

# AV Tutor™ Digital Cartridge Program “Play Ball”

## Model MCFPB-D

The AV Tutor™ cartridges will be a popular and inspiring destination within the classroom. Tailored for differentiated learning, these 7 digital modules support the five key areas that are essential to effective early reading instruction (phonemic awareness, phonics, vocabulary, fluency and reading comprehension). They are also ideal for those who are performing just slightly below grade level. The “Play Ball” program presents interactive narrative reading, phonemic awareness and comprehension activities with the Phonemic Awareness & Comprehension segments including testing sections for students.
