

AV Tutor™ Digital Cartridge Program “Everyday Words #1”

Model MCFEW1-D

The AV Tutor™ cartridges will be a popular and inspiring destination within the classroom. Tailored for differentiated learning, these 7 digital modules support the five key areas that are essential to effective early reading instruction (phonemic awareness, phonics, vocabulary, fluency and reading comprehension). They are also ideal for those who are performing just slightly below grade level. This “Everyday Words #1” program contains 48 high-frequency common nouns such as “apple”, “car”, “door”, and “yard”. The AV Tutor reads each word once and then uses it in a simple sentence.

Other Available Cartridge Programs

Basic Vocabulary #1

Introduces 48 basic nouns and verbs such as for family members, i.e. “father”, “mother”, and “sister”.
MCFBV1-D

Phonics

Reviews 72 examples of initial and final consonants, initial and final digraphs such as “bib” and “web”.
