Disney Wizards of Waverly Place
(Nintendo DS™)

Introduction

The Russo family appears to be a typical New York City family, but they are nothing of the sort. Alex, Justin and Max are everyday kids who also happen to be wizards in training. Their father Jerry heads up Wizard Class when he's not busy running the family restaurant, Waverly Sub Station, with their mom Theresa.

Sibling rivalry is anything but ordinary as the Russo kids figure out they can use magic for anything from household chores to getting even with each other. In ***Disney Wizards of Waverly Place***, take control of Alex, Justin and Max and try to clean up their messes before their parents bust them. After all, for the Russos, being a teenager can be tricky!

Use the **stylus** to place the books on the shelf, so that the letters on the book spines spell out the answer to the trivia question posed.

After the incoming balls have hit the wall and stopped, you can pick them up by running over them. Flick the **stylus** upward toward the top of the **Touch Screen** to throw the dodgeballs back at the opposing players.
