(Wii™ system)

**The Princess and the Frog**

Tiana has acquired a rundown sugar mill in hopes of turning it into a four-star restaurant. She needs to restore the sugar mill and decorate her new place of business to make her dream come true.

Play through the game to earn improvements for the restaurant. You'll find ingredients to create recipes, songs for the band, and outfits to wear at the gala grand opening!

**Gameplay**

**Controls**

Use the **Wii Remote** for all commands in *Disney The Princess and the Frog*. To pick up items, just walk over them. To speak to a character, walk up to the character and press the **A Button**.

**Join Up & Play!**

*Disney The Princess and the Frog* is all about cooperative play. Team up with your friends and family to play minigames that help Tiana fulfill her dream of owning her own deluxe restaurant. There will always be four players in the minigames, either human or AI players. You can select from Normal or Hard difficulty when creating a profile or through the Options menu.

Player 1 is always Tiana, but the other three players can choose to play as any of the other characters. When players 2-4 turn on their **Wii Remotes**, a blank circle will appear on screen. Press the **+ Button** to join in and select a character using the **+Control Pad**. Press the **A Button** to confirm your character.

Players 2-4 can join *Disney The Princess and the Frog* at any time except when a minigame is in progress. Just turn on a **Wii Remote** for each new player and they can join in! Players 2-4 can explore the environments and play along with Tiana.

**Earn Rewards**

As you play minigames, you'll earn beads that can be used to purchase clothing. You'll get to collect and combine purchased items to create even better stuff!

**Explore & Collect**

*Disney The Princess and the Frog* can be explored freely. Talk to the characters and explore the locations at your own pace. You'll even find things to collect as you explore!

Watch the screen for animated objects to learn which ones can be interacted with. You'll need to collect items in each of the locations to fully create Tiana's dream restaurant.

### **Hubs**

#### **Restaurant**

The restaurant is the Main Hub of the game. From the restaurant, you can access all the activities and move to the Mini Hubs. As you play the game and collect beads, the restaurant will slowly upgrade to fulfill Tiana's dream. To move from the restaurant to Mini Hubs, speak to the characters in the restaurant.

Talk to chef Buford to go to Duke's Café!

Talk to the frog hunter Darnell to go to the Frog Hunter Fen!

Talk to Big Daddy to go to the Masquerade Party!

Talk to the King and Queen to go to Mardi Gras!

Talk to Mama Odie to go to Mama Odie's House!

**Hint:** If you have a cheat code for a hub, make sure to enter the code within 2 seconds. The cheat code will work once per profile. A "Code Accepted" screen will pop up if you are successful. If you have a Mardi Gras bead cheat code, it can be used in any of the hubs.

### **Minigames**

You'll find minigames in each hub. You can go back and replay minigames at any time once they've been unlocked. Just select the correct hub to replay the minigame. Minigames can be played at Normal or Hard difficulty. Before each minigame, there is a tutorial. If you have the "Riverboat Jazz Edition," press the – **Button** to bring up the Menu and Extras section where you'll find a bonus minigame.

#### **Beignet Big Feed**

In Duke's Cafe, hungry patrons can't wait for hot beignets as they come out of the kitchen. Toss a beignet at each diner's plate for points.

To toss a beignet, point your **Wii Remote** at a customer's plate. Press the **A Button** to lock onto the plates and flick the **Wii Remote** to toss the beignet. Keep those plates filled with beignet tosses for high points!

If the leaf is heart-shaped, it'll glow in your player's color; otherwise, the leaf will burn away. Play several rounds of the game to see which player can find the most heart-shaped leaves. In every round, there's a glowing bonus leaf. Quickly light this leaf for extra points!
