

Opti-ViewCam USB Webcam

- Keep in touch with friends and family
- 360-degree tilt swivel clip - so you can include your friends
- Removable rubber-grip stand
- Smooth action motion
- Crisp color images

Opti-ViewCam USB Webcam

Keeping in touch with family and friends overseas by phone can be very expensive, but with Opti-view cam, you can send video e-mails, make video calls to loved ones or hold video conferences* for virtually no overseas call costs. Its high quality color CMOS lens allows a maximum of 640 x 480 resolution (VGA) at up to 15 frames per second.

The flexible tilt swivel clip allows a 360 degree view, making it easy for your family and friends to be included in your video conference. It's that simple. Take advantage of Versacam's compact size and send it to others so they can join in too!
