Dimensions

- **Packaging dimensions (W x H x D):** 457 x 283 x 210 mm
- **Product dimensions (W x H x D):** 420 x 240 x 168 mm
- **Weight:** 2.2 kg
- **Weight incl. Packaging:** 2.8 kg

Power

- **Battery type:** LR14
- **Battery voltage:** 1.5 V
- Mains power
- **Number of batteries:** 6

Product highlights

Bass Reflex Speakers

Bass Reflex Speakers delivers a deep bass experience. Differ from conventional loudspeakers, the addition of a bass pipe that is acoustically aligned to the woofer optimizes the low frequency roll-off. The result is a deep controlled bass and low distortion. Combined with the response of the woofer, it extends the overall low frequency sounds to create a whole new dimension of deep bass.

MAX Sound

MAX Sound technology produces an instant boost in bass, maximizing volume performance and instantly creating the most impressive listening experience with just the touch of a button. Its sophisticated electronic circuitry calibrates existing sound and volume settings, instantly boosting bass and volume to maximum levels without distortion. The end result is a noticeable amplifying of both sound spectrum and volume and a potent audio boost that will add mileage to any music.

Play MP3/WMA-CD, CD and CD-RW

MP3 link for portable music

MP3 link allows direct playback of MP3 files from your portable media player on your audio system. Simply connect your portable media player to the built-in MP3 link jack on an audio system and enjoy your MP3 music in superior sound quality.

USB Direct-MP3/WMA

With the USB Direct mode, you can simply select the music on a USB device and playback all your content. All you have to do is plug in your USB device to playback music or export content from the device.
