The evolution of TV

Samsung's ultra-slim LED TV Series 6000 skillfully combines the benefits of the latest LED technology with the craftsmanship of an artist. The Series 6000 elegantly blends subtle, yet bold, colours with a sculpture-like exterior for a mysteriously unique design. Advanced SMART TV features such as Smart Hub, Social TV, Search All, and Your Video will take your viewing experience out of the home and online for an entirely new experience. Samsung's Ultra Clear Panel and Wide Color Enhancer Plus, deliver Full HD images that are unbelievably vibrant and razor-sharp.

ADDITIONAL FEATURES

- Swivel Stand

LED High-Definition TV with 1080p Resolution

FEATURES

Full HD 1080P

Experience the natural beauty of reality with Samsung's Full HD LED TVs. With twice the resolution of standard HDTVs, images defy your mind and home entertainment experience. The rich, realistic texture of Full HD images invites you to enjoy a viewing experience unlike anything you've seen before.

Clear Motion Rate

Refresh rate (Hz) is only a third of the story, Clear Motion Rate (CMR) by Samsung measures the true clarity performance of a TV. Using the Chipset, TV Panel and the Backlight together, CMR measurements express the TV's true ability to resolve detail in fast moving images.

Ultra Clear Panel

The Ultra Clear Panel on Samsung LED TV's efficiently absorbs external light and effectively eliminates reflection, providing you with real, natural colour and deep, dynamic detail that deliver a clearer, more comfortable viewing experience.

Smart TV

At Samsung, our job is to deliver the ultimate "SMART" experience to our customers. With our new line-up of SMART TV's we're now taking it to a whole new level. Our SMART TV's deliver a completely different TV viewing experience, seamlessly integrating a broad array of Internet content, broadcast programming, personal content, and virtually unlimited applications—all viewable on one TV screen. Through our user-friendly user interface, Smart Hub, look for your favourite video and content with Your Video or browse for TV-related content with Search All. We've also optimized web capabilities through our Web Browser feature. Moreover, our world's first TV App store contains hundreds of Apps that can be used to make your home entertainment experience more satisfying.

Smart Hub

Smart Hub is a portal to all your Smart TV's features. Start with an array of convenient Apps and services that are continually being added. **Search All** of those Apps and services for the content you want while watching live TV. **Your Video** examines your viewing habits and begins to recommend similar content you might enjoy.

(Content available via 'Smart Hub' may vary among product categories, models, and territories. See Samsung.com for more details.)

Samsung Apps

Unleash the true potential of your Samsung Smart TV by accessing the world's first TV App store with the widest variety of Samsung Apps for TV available today. They provide you with a quick and easy way to access your favourite content through your Samsung Smart TV. So download the TV Apps that make your Smart TV even smarter by letting you watch your favourite movies, turning your TV into a digital photo album or a casino blackjack table, or even staying in touch with loved ones through live video chatting.

Social TV

Stay connected with friends and family with Samsung's Social TV feature. With Social TV, you can share your viewing experiences through blogging and chatting services, like Facebook, Twitter, and Google Talk, all while watching live TV!

Search All

Enjoy the ease of searching for information or content through the convenient Search All feature on Smart Hub. You can perform your search in one of two ways. The first method is through the Smart Hub user interface. The Smart Hub UI provides you with the easy-to-use tools to find exactly what you're looking for, the other way is to search while watching TV.

Your Video

Gain access to your movie guide with Samsung's Your Video feature. Your Video allows you to watch and preview movie clips and TV programs from your TV through a customized recommendation service for video and content. What's more, you'll even receive key information like a brief synopsis and user ratings to help you make an informed choice.

*(Please note: Feature availability varies based on country.)

HyperReal™ Engine

The driving force behind the amazing colour and realistic images of Samsung's new LED TVs is the innovative HyperReal™ Engine. By optimizing performance and image enhancement, the Samsung HyperReal™ Engine provides the most vibrant and crystal-clear Full HD images.

AllShare™ DLNA Certified™

AllShare™ not only allows your TV to wirelessly connect with your compatible mobile devices, it also helps to enhance your overall Smart TV experience. That means you can share movies, photos and music all through a single device—your TV.

ConnectShare™ Movie

With ConnectShare™ Movie simply plug in your USB memory drive or HDD into the TV and instantaneously enjoy a range of movies, photos and music on your LED TV. So instead of watching movies on your PC, you can download them onto a USB and watch them in the comfort of your living room on your TV. Experience the natural beauty of reality with Samsung's Full HD LED TVs. With twice the resolution of standard HDTVs, images defy reality and enhance your home entertainment experience. The rich, realistic texture of Full HD images invites you to enjoy a viewing experience unlike anything you've seen before.

AUDIO

Dolby Pulse

Technology delivers high-quality multichannel content and is the ideal solution for bandwidth-critical services like next-generation HDTV, cable, and satellite providers. Broadcasters can now transmit stereo and 5.1-channel audio, occupying the lowest bandwidth while maintaining high audio quality.

SRS TheaterSound®

An all-in-one audio suite that automatically detects and consistently levels abrupt volume fluctuations that normally occur when TV programming switches to commercial break or while changing channels. It also delivers up to 5.1 surround sound from multichannel content using built-in TV speakers while enhancing sound depth and dimension.

WARRANTY

1 Year Parts and Labour Warranty.
90 days parts and labour for commercial use, with in-home service, backed by Samsung toll-free support. 1-800-SAMSUNG
