- **Product dimensions (W x H x D):** 262 x 123 x 245 mm
- **Weight:** 2 kg
- **Weight incl. Packaging:** 1.6 kg

Product highlights

Dynamic Bass Boost

Dynamic Bass Boost maximises your music enjoyment by emphasising the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.
