

2012 GLK-Class

Mercedes-Benz

125! years of innovation

In 1886, Carl Benz was awarded the patent for inventing the first car, while just 60 miles away, Gottlieb Daimler developed his own version. Between them they also invented the motorcycle and truck, and won the first auto race. For 125 years, a passion for innovation has driven Mercedes-Benz to continually reinvent the automobile—and redefine the standard for all cars. The pioneering spirit that brought such firsts as 4-wheel independent suspension, the Electronic Stability Program and side curtain air bags to cars, also brought them to SUVs. Today, the Three-Pointed Star remains far more than a shining symbol of Mercedes-Benz innovation. It's a guiding beacon for all automobiles.

compact dimensions. uncompromised character.

To create a vehicle with the race-bred performance of a Mercedes-Benz sport sedan and the legendary capability of our SUVs, our engineers went to some great lengths. They spent years traversing 1.5 million miles of punishing terrain, Arctic winters, African desert heat, and even a few racetracks. And they returned with a more compact SUV that leaves every measure of a Mercedes-Benz undiminished. From performance and safety to quality and style, the GLK-Class fills the big shoes that come with its 125-year legacy. With unwavering courage, flexible skills and bold design, it might leave a smaller footprint. But it still makes a mighty impression.

MBUSA.com/GLK

GLK350 4MATIC shown with optional Iridium Silver metallic paint, and Appearance, Lighting and Premium 1 Packages.

Tenacious confidence. Optional 4MATIC all-wheel drive integrates our 4-wheel Electronic Traction System. 4-ETS continually redistributes torque to the wheels—or a single wheel—with the best grip.³ A permanent 45:55 front/rear torque split delivers precise, sporty handling on dry roads.

Surefooted competence. Standard 19" wheels offer ample evidence of the GLK's roadholding expertise. Even bolder 20" wheels are optional: A new twin 5-spoke design highlights the Appearance Package, while sculpted lower bodywork sets off the AMG twin 5-spoke wheels in the AMG Styling Package.

any corner of the earth.
any curve in the road.

If you want to test the mettle of an SUV, throw it a curve. The GLK-Class is one compact SUV whose enthusiasm won't waver under the pressures of a winding road, a weekend towing excursion,¹ or even a stoplight showdown with a sports car. With a torque-rich 3.5-liter V-6, the GLK 350 reaches 60 mph in an exuberant 6.5 seconds,² accompanied by the subtle growl of true dual exhausts. Standard 19" –or optional 20" –wheels team up with a 4-wheel multilink suspension with AGILITY CONTROL for instant response to every change in the road. And unlike some compact SUVs, the GLK offers the sport-sedan balance of rear-wheel drive or optional 4MATIC™ all-wheel drive. Most any SUV can look confident on the surface. In the GLK-Class, you'll feel it—on most any surface of the earth.

GLK 350 shown with optional Diamond White metallic paint, trailer hitch, and Appearance and Premium 1 Packages. Please see endnotes at back of brochure.

Flexible muscle. The 268-hp V-6 of the GLK 350 delivers a torrent of torque throughout its eager rev range. Its 7-speed automatic makes even better use of all that power, continually adapting to your driving style or letting you take charge with manual-style Touch Shift control. Sport and Economy modes let you emphasize rpm or mpg on demand.

Nimble reflexes. Its 4-wheel independent multilink suspension shares more than its design inspiration with our sport sedans. It also features our AGILITY CONTROL system—an innovation that responds to every move of each wheel, instantly recalibrating the shock absorbers to balance quick, agile handling with a ride that's calm and composed.

pioneering insight. protective instinct.

Wherever you seek adventure in a GLK-Class, you travel with a legion of reinforcements and a legacy of safety innovation. And while its engineering is on the cutting edge, its survival instincts have been honed for generations. After all, Mercedes-Benz didn't just introduce 4-wheel disc brakes, crumple zones and the Electronic Stability Program (ESP®) in the world of cars. We also pioneered such advances as side curtain air bags and the 4-wheel Electronic Traction System in the SUV kingdom as well. The GLK-Class wraps nine standard air bags and an army of advanced safety systems in a high-strength steel body—all ready to respond as an integrated system of protection. It's the reassuring result of decades spent preparing for what could be a few milliseconds of misadventure.

prepare.

High-strength body. Approximately 70% of the GLK-Class body structure is made from high- and ultra-high-strength steel. Advanced crumple zones, two steel beams in each door, and an extensively reinforced cabin help to divert impact energy over, under and around the passenger compartment.

Adaptive brakes. An integrated system of braking advances helps to make driving more reassuring in a variety of situations. Should the driver lift off the accelerator quickly, Predictive Brake Priming sets the brake pads closer to the discs—for more immediate response when the driver steps on the brakes. When driving with the windshield wipers on, Automatic Brake Drying gently applies the brakes periodically—to sweep away water that can accumulate on the discs in the rain. And during uphill starts, a Hill-Start Assist feature helps to prevent unwanted rollback.⁴

detect.

Emergency-sensing. Two safety systems originally pioneered by Mercedes-Benz help you avoid potential collisions. The Electronic Stability Program (ESP) monitors the vehicle's response to driving inputs such as steering and braking, and responds to help keep it on course during evasive maneuvers.³ Brake Assist can apply full braking pressure if it detects an emergency braking situation—based on how quickly the driver steps on the brake pedal—potentially shortening your overall stopping distance.⁴

Bi-Xenon headlamps. With the optional Lighting Package, Bi-Xenon headlamps pierce the night with light that's closer in perception to natural daylight than halogen headlamps. Active Curve Illumination swivels the headlamp beams as you turn the steering wheel, to improve illumination into corners up to 90% over conventional fixed lamps. The package also includes corner-illuminating front lamps, to help brighten your path into sharp turns and driveways, as well as headlamp washers that help to keep the lamps cleaner with a high-pressure spray of fluid.

Daytime lighting. Standard Daytime Running Lamps (DRLs) help make your presence more apparent to other drivers on the road. With the optional Lighting Package or the AMG Styling Package, bright white LEDs help make the DRLs even more noticeable.

react.

Advanced restraints. Nine standard air bags in the GLK-Class offer 11-way protection. Innovative pelvic air bags complement the front-seat side-impact air bags. A driver's knee air bag augments dual-stage front air bags.⁵ Side curtain air bags are provided at all four outboard seating positions, as are seat-belt Emergency Tensioning Devices (ETDs) and belt-force limiters. In a rear impact, NECK-PRO active front head restraints help to prevent whiplash.

Post-collision response. In the event that an air bag or a seat-belt ETD deploys, the optional Mercedes-Benz mbrace™ system includes Automatic Collision Notification, which initiates a call to our 24-hour emergency response center—even if you cannot.⁶ In addition, the GLK will automatically shut off its engine and fuel supply, turn on the hazard flashers and some of the interior lights, partially open the windows to help ventilate the cabin, and unlock the doors in an effort to assist rescuers.

GLK350 shown with optional Cuprite Brown metallic paint, and Premium 1 and Lighting Packages. Please see endnotes at back of brochure.

rugged overall. refined all over.

a style all its own, a spirit that's entirely yours.

With crisp lines and an aggressive stance, the GLK-Class is at once purposeful and playful—upright, but never uptight. Its tautly drawn shape offers generous cabin space in a compact body, for lavish headroom with a sensible footprint. Generous windows and a steep windshield combine with sharply flared fenders, upsized alloy wheels and a wide track, to impart a king-of-the-world view with glued-to-the-road handling confidence. Polished chrome highlights—from the bold grille bars to a functional load-sill plate—reflect its enduring quality while protecting its lustre. And an array of options, from brushed aluminum roof rails to rubber-studded running boards, let you tailor its features and form to fit your life and style. Whether you're making an elegant entrance or getting away from it all, the GLK-Class offers an irresistible mix of rugged and refined that's right-sized and right for the times. Wherever you take the GLK, it just seems to fit.

Appearance Package. Aggressively sized and distinctively styled 20" alloy wheels enhance performance and panache with a new twin 5-spoke design. Brushed aluminum roof rails lend a crowning touch to this option package.

AMG Styling Package. The race-bred pedigree of AMG brings the sport-sedan spirit of the GLK clearly to the surface. Massive 20" AMG wheels in their own twin 5-spoke configuration fill out the prominent wheel arches. Chiseled AMG-design front and rear bumpers integrate gleaming chrome skid plates. And LED Daytime Running Lamps add unmistakable presence.

Panorama roof. Welcome in blue skies or a blanket of stars with an optional sunroof that's as big as all outdoors. A sweeping expanse of heat-resistant tinted glass affords majestic views to all five passengers. The front section tilts up for ventilation, or slides open. A sliding shade helps filter out the sun's harsh rays.

Enduring style. The subtle elegance of polished chrome highlights the grille, windows, bodysides and rear bumper, including a protective sill plate below the liftgate. The GLK's advanced paint is infused with high-tech ceramic nano-particles, for a finish of exceptional depth and durability.

GLK 350 shown with Mars Red paint, and optional brushed aluminum running boards, and Appearance, Lighting and Premium 1 Packages.

in touch with you, in tune with your world.

While the idea of exploring uncharted territory in the GLK sounds exciting, discovering its advanced entertainment and information technology requires no such adventure. Even its most high-tech features quickly feel like second nature. A central controller on the console and a color-LCD screen high in the dash give you intuitive, convenient access to a variety of audio and navigation options—including real-time traffic reports. The sporty 3-spoke multifunction steering wheel adjusts four ways, to help you find a satisfying grip with a clear view of the elegant gauges. You can even adjust the audio system, or enjoy the standard Bluetooth® system, without taking a hand from its leather-wrapped rim. And with light-sensing automatic headlamps, large heated side mirrors and an optional rear view camera, the GLK-Class helps you feel comfortably in touch with the world around you—no matter how far you venture from home.

Connected. With a convenient central controller on the console, a multifunction steering wheel and a standard 5" color-LCD screen, the user-friendly cockpit unites a wide world of choices in entertainment, navigation and information. A standard Bluetooth wireless interface offers hands-free calling with most any cell phone.⁷

Entertained. The optional 11-speaker harman/kardon LOGIC7® audio system outputs 510 watts of lush digital surround sound. In addition to the standard AUX audio jack and MP3-compatible CD player, the optional Multimedia Package expands your listening choices exponentially: SiriusXM Satellite Radio,⁸ an iPod®/MP3 Media Interface,⁹ a DVD/CD player, an in-dash memory card reader, and a Music Register that stores up to 6GB of your digital music on an in-dash hard drive. A state-of-the-art Rear Seat Entertainment system is also available. It features twin screens, multiple input sources, two wireless remotes, and two pairs of wireless headsets.

Guided. Optional COMAND navigation¹⁰ offers helpful guidance with a fast 40GB hard drive, a high-resolution 7" color screen, and Enhanced Voice Control. Benefits also include live SiriusXM Traffic reports,⁸ as well as built-in Zagat® Survey ratings for restaurants, hotels and golf courses.

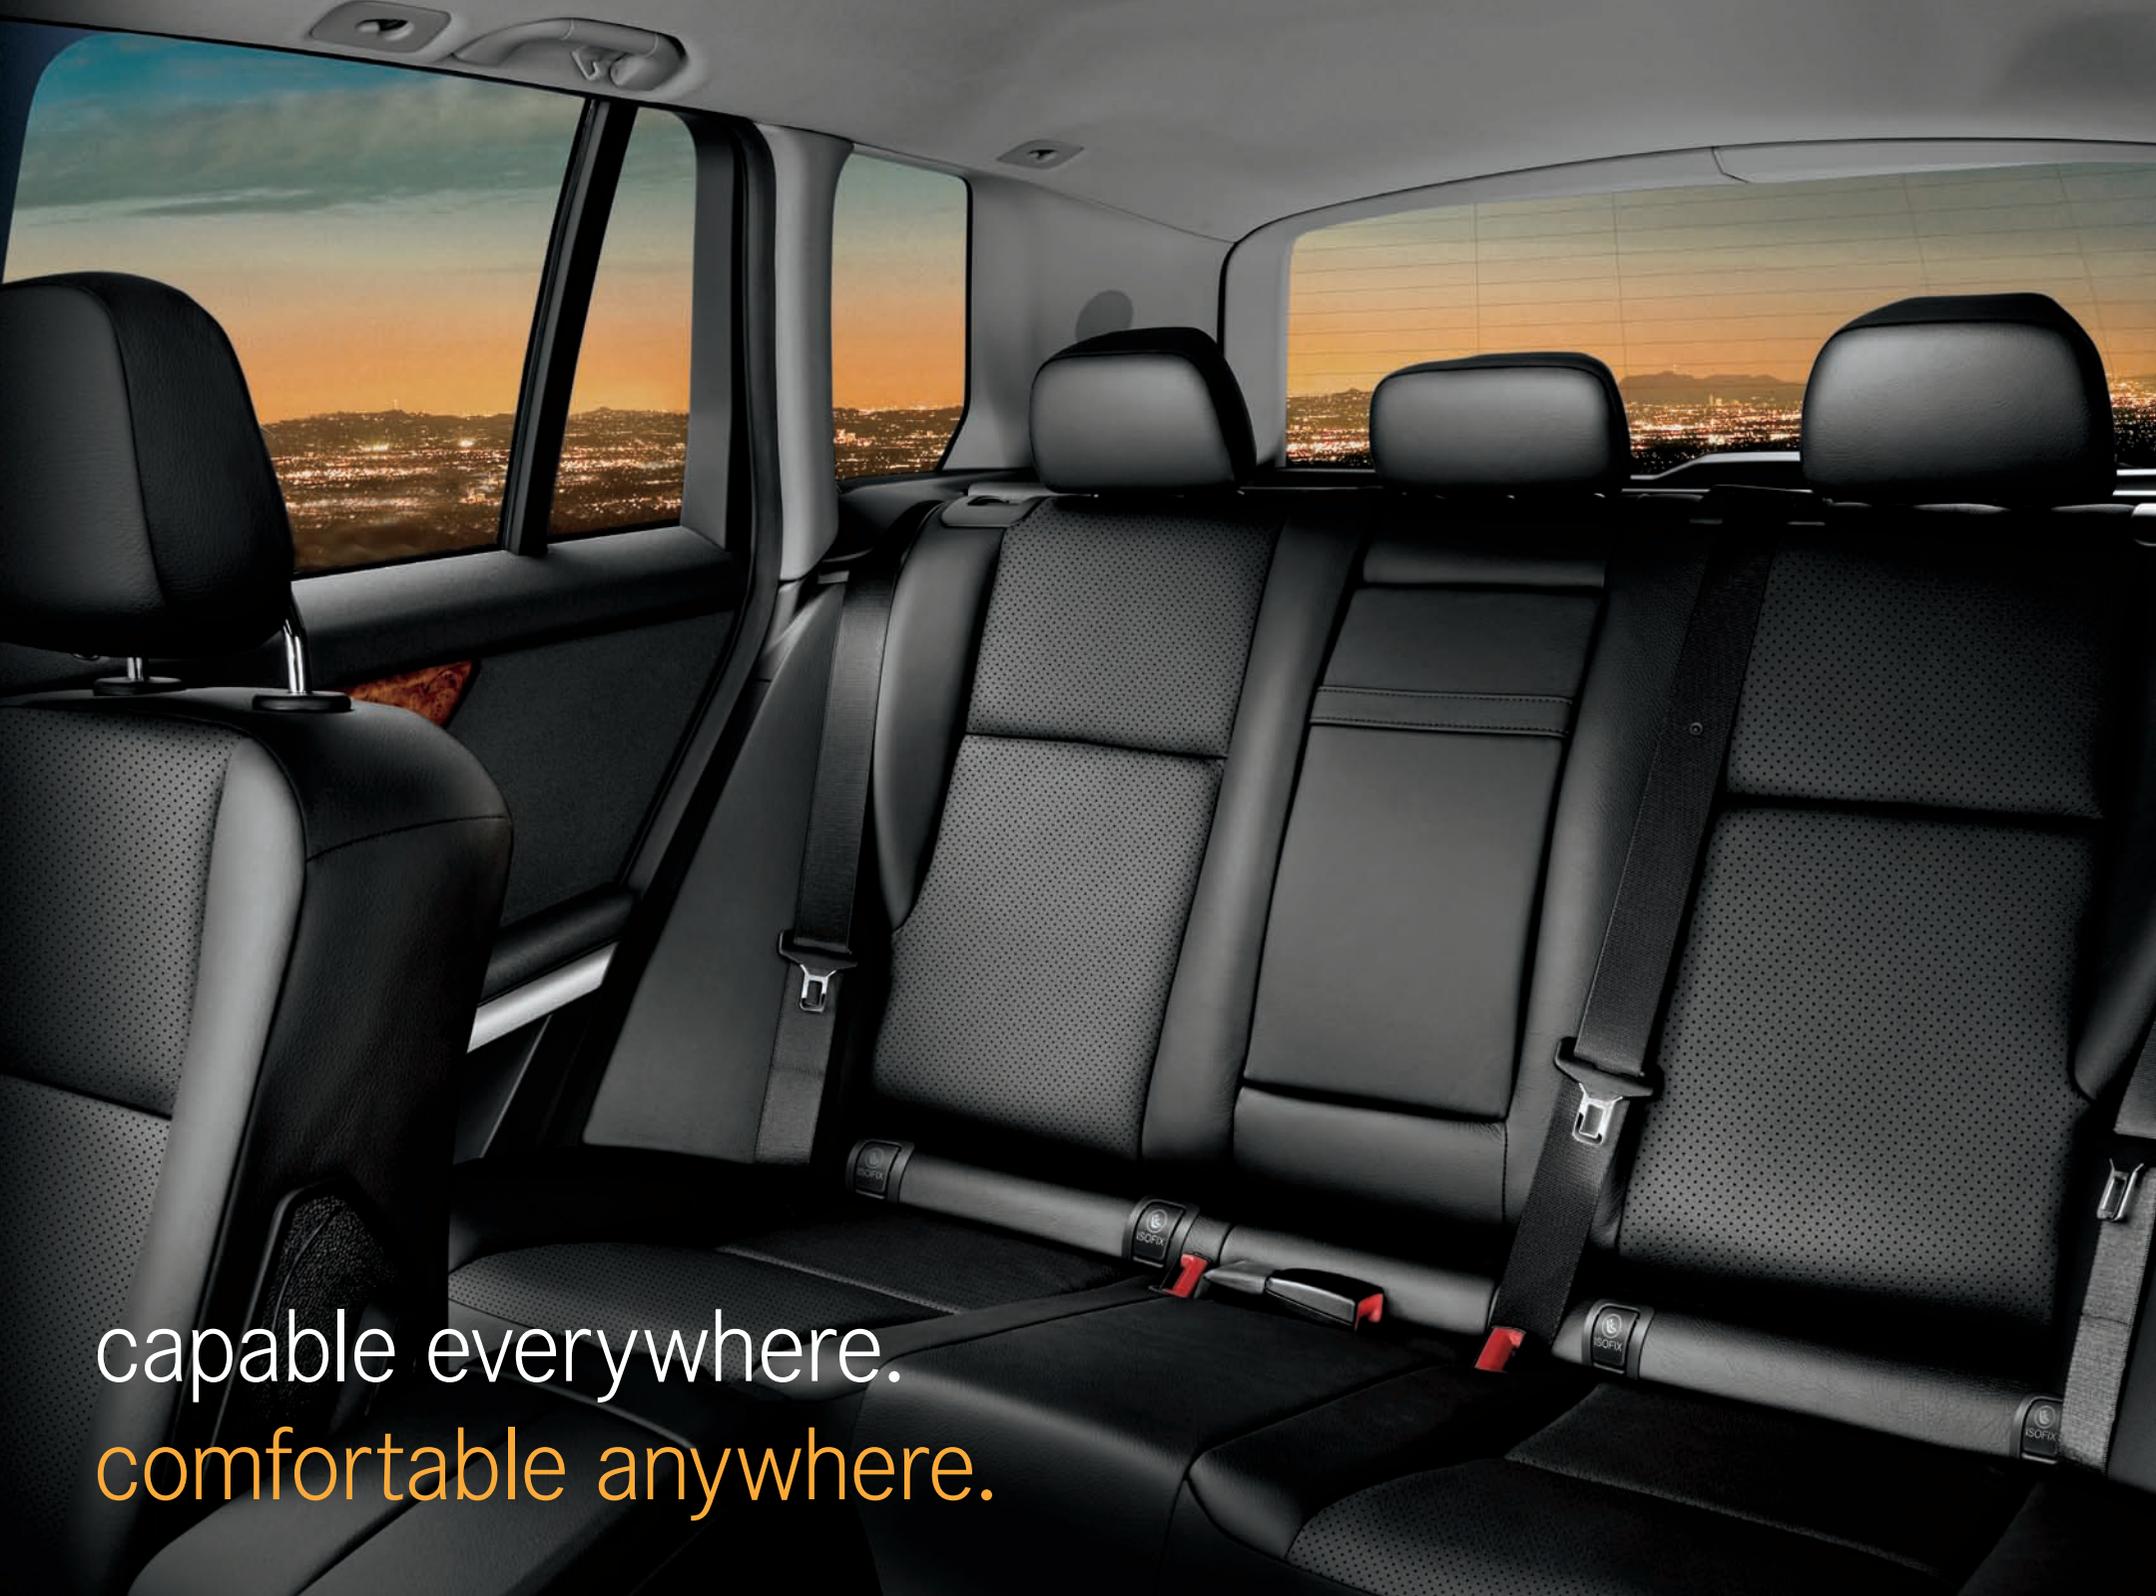

Welcomed. With optional KEYLESS-GO, you can unlock and drive your GLK without ever taking the key from your pocket. To make backing up easier, the Multimedia Package includes a rear view camera¹¹ that shows a live color image on the in-dash screen when you shift to Reverse. And whenever you're negotiating tight spaces, the optional PARKTRONIC system helps you maneuver with confidence. Ultrasonic sensors in the bumpers detect nearby objects in front of and behind your GLK-Class, and let you know via illuminated displays and audible signals.

GLK350 shown with Grey/Black interior, Burl Walnut wood trim, and optional heated front seats, KEYLESS-GO, PARKTRONIC, and Full Leather Seating, Multimedia and Premium 1 Packages. Please see endnotes at back of brochure.

works like science. feels like nature.

capable everywhere.
comfortable anywhere.

an advanced degree in civil engineering.

Though it's been rigorously engineered in some of the most brutal conditions across the globe, the GLK-Class is itself a most comforting habitat. Its highly rigid body envelops a decidedly flexible and accommodating cabin, with 8-way power front seats and versatile split rear seats that fold flat in a single motion. Rich materials are crafted with time-honored attention to detail. Upholstery is lovingly fitted by hand. Sustainably forested, hand-polished Burl Walnut wood is accented with chrome and aluminum, and carefully inlaid to the dash, console and doors. Finely grained leather is impeccably stitched to the steering wheel and gearshift. An optional Full Leather Seating Package further sets the cabin aglow with illuminated door handles and front footwells. And powerful dual-zone climate control, proven from desert heat to polar frosts, filters dust and pollen from the cabin air. Even if you never plan to cross the Sahara, you just might find yourself on a deserted highway or in a dense urban jungle. Wherever you go, the capable, comforting GLK-Class keeps you cradled in civilization.

Attentive. The front seats offer 8-way power adjustment plus a manual lumbar support for the driver. The steering column tilts and telescopes. With the optional Premium 1 Package, the driver seat adds a 3-position memory system that also recalls the settings for the power-adjustable steering column and side mirrors, as well as a 4-way power lumbar support.

Agreeable. Standard dual-zone automatic climate control allows the driver and front passenger to peacefully coexist in individualized comfort. Adjustable rear-cabin air vents, plus a sensor that monitors the position and intensity of sunlight, help to assure more consistent comfort for all passengers.

Adaptable. The 60/40-split rear seatbacks fold to create up to 54.7 cu ft of cargo space—without needing to flip up the cushions first. The liftgate opens virtually level with the carpeted cargo floor, while a chrome load-sill plate helps protect the rear bumper. Luggage-area luxuries also include a 12-volt power port and a retractable cargo cover.

Accommodating. The optional Premium 1 Package includes a suite of conveniences that make any drive more enjoyable. Among its many features are rain-sensing wipers that automatically adapt their speed to the amount of rainfall detected on the windshield. The inside and driver-side mirrors are auto-dimming, with the interior mirror also featuring a digital compass display and integrated garage door controls.

Approachable. The Premium 1 Package also enhances the versatility of the GLK-Class with a household-type 115-volt AC power outlet that lets you charge your laptop or camera, or plug in a portable gaming console for your kids, without a special adapter. And a power liftgate fully opens or closes with a touch of a button, to help make loading and unloading easier—especially in the rain or with an armful of packages.

GLK350 shown with Black interior and Burl Walnut wood trim.

mbrace
Your World, From Your Car

connected to you. and your life.

Your vehicle is more than a source of enjoyment, it's an integral part of everyday living. The optional Mercedes-Benz mbrace™ system can make it easier—whether you're planning a trip, trying to remember where you parked, or in need of some help in an emergency.⁶ With mbrace, you can access an innovative and thoughtful world of security, destination planning and convenience services—not only from inside your GLK-Class but also from your computer and from your smartphone. With advanced, reliable technology, plus 24-hour support from helpful experts, mbrace helps to keep you, your life and your Mercedes-Benz connected.

from your vehicle.

With Mercedes-Benz mbrace, three simple buttons inside your vehicle can connect you to emergency services, our 24-hour Customer Assistance Center, or our Roadside Assistance service.¹² Numerous mbrace services are also seamlessly integrated with the optional COMAND navigation system.

from your smartphone.

The mbrace Mobile Application for iPhone® lets you send addresses to your vehicle's navigation system, locate your vehicle from up to a mile away, remote-lock and unlock its doors, find a dealer, and contact Roadside Assistance, Concierge services or even Mercedes-Benz Financial Services with a touch. A new Drive2Friend™ feature lets other people send their location to your car, simply by responding to a text message that you send them.¹³

from your computer.

In addition to all the support you'll find at mbrace.MBUSA.com, you can send addresses directly to your vehicle's COMAND navigation system using the Send2Benz™ website. You can also look up a destination on Google™ Maps and instantly send it to your vehicle via the Search & Send™ feature. And a new browser toolbar widget lets you highlight an address on your screen and send it to your vehicle with just two clicks.

Mercedes-Benz mbrace is the ongoing evolution of our groundbreaking in-vehicle services, offering national support along with expanded and enhanced features. To learn more about mbrace, see your Mercedes-Benz dealer, call 866-990-9007 or visit MBUSA.com/mbrace. Please see endnotes at back of brochure.

make it yours.

Genuine Mercedes-Benz Accessories help you make your car the perfect expression of your style. And since they're exclusively engineered for your GLK-Class, they fit your vehicle as well as they fit your life. A wide selection of accessories allows you to enhance your vehicle's appearance, expand its functionality, or offer it some extra protection in everyday use. From alloy wheels to chrome door handle inserts to state-of-the-art entertainment systems, every accessory is thoughtfully designed and thoroughly engineered. It's the best way to make your GLK-Class unmistakably yours while keeping it genuinely Mercedes-Benz. To see the entire selection, visit MBUSA.com/GLK.

20" two-tone wheels. With a bold, high-contrast black/polished finish, these highly rigid yet lightweight 20" alloy wheels take a more aggressive stance on handling while making a dramatic style statement.

Rear Seat Entertainment system. Offer front-row entertainment to your rear-seat passengers. Dual 7" monitors behind each front head restraint can play separate DVDs simultaneously, or you can attach external devices via USB and SD card slots. Two pairs of wireless headsets and a wireless remote are included, to maximize passenger enjoyment while minimizing driver distraction. Both screens can also show the same movie at once, playing the sound via the headsets or through the vehicle's audio system for everyone to enjoy.

Illuminated door sills. Elegant, eye-catching brushed stainless-steel door sills are available in a set of two for the front doors, and feature trim that's color-keyed to your car's interior. The sills welcome you with a soft blue luminescent Mercedes-Benz logo when you open the door.

Accessory Chrome Package. An elegant collection of polished chrome exterior trim highlights the front spoiler and foglamps, the door handles and the liftgate. Chrome roof trim helps protect the paint from sliding luggage, and are offered for models with or without the Panorama roof.

endnotes

- 1 Read Operator's Manual before towing. In some states, aftermarket trailer brakes are required. See dealer for details.
- 2 Stated rates of acceleration are based upon manufacturer's track results and may vary depending on model, environmental and road surface conditions, driving style, elevation and vehicle load.
- 3 No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Performance is limited by available traction, which snow, ice and other conditions can affect. Always drive carefully, consistent with conditions. Best performance in snow is obtained with winter tires.
- 4 Braking effectiveness also depends on proper brake maintenance, and tire and road conditions.
- 5 WARNING: THE FORCES OF A DEPLOYING AIR BAG CAN CAUSE SERIOUS OR FATAL INJURIES TO A CHILD UNDER AGE 13. THE SAFEST SEATING POSITION FOR YOUR CHILD IS IN THE REAR SEAT, BELTED INTO AN APPROPRIATE, PROPERLY INSTALLED CHILD SEAT, OR CORRECTLY WEARING A SEAT BELT IF TOO LARGE FOR A CHILD SEAT. SEE OPERATOR'S MANUAL FOR ADDITIONAL WARNINGS AND INFORMATION ON AIR BAGS, SEAT BELTS AND CHILD SEATS.
- 6 All Mercedes-Benz mbrace™ services operate only where cellular and Global Positioning Satellite signals are available, which are provided by third parties and not within the control of Mercedes-Benz USA, LLC. An mbrace Package trial period is offered on new, Certified Pre-Owned and pre-owned sales and leases at an authorized Mercedes-Benz dealer. Subscriber Agreement is required for service to be active. Some services are only available on select vehicles. Your PIN is required in order to use certain services. See your dealer or MBUSA.com/mbrace for details, including a list of compatible smartphones.
- 7 Bluetooth® interface does not provide phone charging or external antenna. Voice interactivity feature is dependent on selected handset. Visit MBUSA-Mobile.com for details. Phone sold separately. See dealer for a list of approved compatible phones.
- 8 With the purchase of a new, satellite radio-enabled vehicle, you'll receive a complimentary 6-month subscription to SiriusXM Satellite Radio and SiriusXM Traffic, courtesy of Mercedes-Benz. SiriusXM Traffic service is available in select markets. If you decide to continue your SiriusXM service at the end of your 6-month trial, all SiriusXM services are sold separately, and the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel. See SiriusXM Customer Agreement for complete terms, www.siriusxm.com. Sirius U.S. Satellite service available only to those at least 18 years of age in the 48 contiguous United States, DC and Puerto Rico (with coverage limitations).
- 9 All iPod® devices are sold separately. Feature not compatible with iPod Shuffle. See dealer for details.
- 10 While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or visual displays once the vehicle has been stopped in a safe place. Maps do not cover all areas or all routes within an area.
- 11 Rear view camera does not audibly notify driver of nearby objects and is not a substitute for actively checking around the vehicle for any obstacles or people. Images displayed may be limited to camera field of view, weather, lighting conditions and the presence of dirt, ice or snow on the camera.
- 12 Roadside Assistance repairs may involve charges for parts, service and towing. Vehicle must be accessible from main roads. Depending on the circumstance, these services may be provided by an outside provider, courtesy of Mercedes-Benz Roadside Assistance. Restricted roadways, acts of nature and vehicle accessibility may limit our ability to provide services to you. For full details, eligibility requirements, and limitations/exclusions of Sign and Drive services, as well as the Roadside Assistance Program, please see your dealer.
- 13 mbrace is compatible with select Apple iPhone® models running iOS 4.2 or later. Please visit MBUSA.com/mbrace for more information.
- 14 European Delivery Program discount of 7% available on select models, other models offered at MSRP. Please see your dealer for details.
- 15 Extra-cost option.

for a small blue planet.

For 125 years—longer than any other automaker—we’ve been sharing this planet with you. Respecting it, and protecting it, have long been a part of our vision, ambition, and our history of innovation. We introduced the world’s first 100% CFC-free car, not just in its air conditioning but in its entire manufacturing process. We’ve been using water-borne paints for years, and source the wood for our interior trim from responsibly sustained forests. We’ve been pioneering advanced powertrains for generations, from today’s hybrid models and 50-state clean diesels to the fuel cell vehicles of a rapidly approaching tomorrow. Mercedes-Benz is also legendary for producing automobiles of extraordinary durability and longevity. After all, it takes virtually the same amount of energy to build vehicles that last as ones that won’t. Even our brochures conserve resources and are produced with eco-conscious printing. Everything we engineer is born from the motivation to make things better and the ingenuity to make it happen. Passion with compassion—that is what drives us.
