

The Power of 2-Way Communication

Know the status of your vehicle with a quick look at the LCD transmitter screen:

- Is the system armed?
- Has the alarm been triggered?
- What set the alarm off?

Features:

- Control your vehicle from up to 1,500 ft. away
- Lock or unlock the doors.
- Find your car in a parking lot using the car finder feature.
- Trigger the "Panic" alarm in case of emergency.
- Open the trunk or hatch while carrying groceries.
- Receive a page from a passenger inside the vehicle.

2-Way Communication

- Remote Start
- Vehicle Security
- Keyless Convenience

Remote Start with 2-Way Communication

By pushing the Remote Start button, within moments, you can transform your vehicle's interior climate to a comfortable temperature, regardless of the conditions outside.

Vehicle Security with 2-Way Communication

Wherever you are you can rest assured that your car is protected. The remote transmitter will alert you if any sensors have been triggered.

Keyless Convenience

Enjoy the convenience of Keyless Entry. Hands full after shopping or just tired of fumbling for your car keys? Effortlessly pushing the Keyless Entry button will automatically unlock your doors.

Choose Your System:
