

Aneroid Blood Pressure Kits

Technologically advanced yet easy to use blood pressure monitors for consumers (UA-100, left) and professionals (UA-200, right)

The UA-100 and UA-200 Aneroid Blood Pressure Kits provide consumers and health care professionals with reliable monitoring products at home or in a clinical setting. These aneroid blood pressure kits can assist in the management of hypertension, improve patient compliance to treatment of high blood pressure, and be used as tools in a preventative health management program.

- Nylon cuff for superior durability and appearance
- Latex bulb with standard air release valve
- Includes stethoscope (Model UA-100 only)
- Two year limited warranty for manometer accuracy

- Professional accuracy
- Includes zippered nylon storage case
- Calibration screwdriver included

Aneroid Blood Pressure Kits

A&D Medical offers two aneroid blood pressure kits. The Home Blood Pressure Kit with Attached Stethoscope (Model UA-100) is designed to give consumers a way to track their readings at home. The Professional Sphygmomanometer (Model UA-200) is designed for health professionals to measure a patient's blood pressure.

	PART NUMBER	UPC NUMBER	CUFF SIZE
UNITED STATES AND CANADA	UA-100	0-93764-00100-0	Adult 11.5 - 16" (29 - 41 cm)
	UA-200	0-93764-00200-7	Adult 11.5 - 16" (29 - 41 cm)
