

ONE-STEP PLUS MEMORY with AC Adapter Blood Pressure Monitor UA-767PAC

Fast. Easy. Accurate.

A sleek, easy-to-use blood pressure monitor with one button operation plus advanced features.

The UA-767 Plus blood pressure monitor incorporates the latest technology for accurate measurements at home. The One Step Plus Memory monitor is fully automatic and inflates to the correct pressure each time a measurement is taken.

This monitor offers the exclusive Pressure Rating Indicator™, Irregular Heartbeat Detection, 30 memory recall and is clinically validated for professional accuracy.

- **Pressure Rating Indicator™** - providing a snapshot of the user's blood pressure classification according to the US JNC7 guidelines.
- **Irregular Heartbeat Detection** - will alert the user to the presence of an irregular heartbeat while still providing an accurate reading.
- Provides simultaneous readout of systolic/diastolic pressure and pulse rate
- Calculates and displays average blood pressure readings
- AC Power Adapter included
- Available in small, medium or large cuff sizes (cuffs available separately)
- Large-print trilingual instruction guide with illustrations and quick start card in English, French and Spanish
- Four week blood pressure logbook

UA-767 Plus - One Step Plus Memory with AC Adapter

To obtain an accurate reading, it is important to use the correct cuff size. A cuff that is too small will result in a higher than expected reading and a cuff that is too large will result in a lower than expected reading. The UA-767 Plus - One Step Plus Memory unit comes in three different cuff sizes to accommodate your customers' needs.
