

ADVANCED MEMORY WRIST Blood Pressure Monitor UB-512

Fast. Easy. Accurate.

An advanced wrist monitor to track morning and afternoon averages.

A&D Medical has developed state-of-the-art measurement technology to monitor blood pressure readings in the morning and afternoon. The AM/PM memory lets both patient and health care provider monitor spikes between morning and afternoon, allowing physicians to properly prescribe medication. This wrist monitor is smaller, lighter and more compact than other wrist monitors and is ideal for travel. Unlike other monitors that measure blood pressure during deflation of the cuff, the Advanced Memory Wrist monitor measures blood pressure during cuff *inflation* for a faster, more comfortable reading. This monitor stores the last 60 readings, 30 AM and 30 PM.

The Advanced Memory Wrist monitor also offers the Pressure Rating Indicator™ and Irregular Heartbeat detection. The Pressure Rating Indicator™ provides a snapshot of your blood pressure classification based on your measurements. In addition, this monitor alerts the user of the presence of an Irregular Heartbeat and provides accurate blood pressure and pulse rate measurements even when an Irregular Heartbeat occurs.

- Includes two “AAA” batteries
- Trilingual instruction manual in English, French and Spanish
- Four week blood pressure logbook included
- Carrying case included

- Clinically Validated
- 60 Memory Recall (30 AM / 30 PM)
- Pressure Rating Indicator™
- Irregular Heartbeat Detection
- Displays average readings
- Fast and comfortable measurement
- Illuminated Start buttons
- Ideal for travel

Advanced Memory Wrist UB-512 Blood Pressure Monitor

The Advanced Memory Wrist blood pressure monitor fits easily and comfortably to one's wrist to provide an accurate reading. This compact and portable unit gives fast measurements and provides convenience to those looking for an easy way to monitor their blood pressure away from home.

	PART NUMBER	UPC NUMBER	CUFF SIZE
UNITED STATES	UB-512	0-93764-60153-8	5.3" - 8.5" (13.5 - 21.5 cm)
CANADA	UB-512CN	0-93764-60154-5	5.3" - 8.5" (13.5 - 21.5 cm)

Each unit comes with a trilingual instruction manual, quick start card, two AAA batteries, carrying case, four week blood pressure logbook and warranty card.

Technical Specifications

Dimensions	0.8 (d) x 2.5 (w) x 2.2" (h) (21 x 63 x 56 mm)
Dimensions with Case	3.5 (d) x 3.4 (w) x 2.7" (h) (89 x 86 x 69 mm)
Weight	2.9 oz. (82 g) without batteries
Display	Digital: 10/7 mm character height Pressure and pulse displayed simultaneously
Memory	60 readings (30 AM and 30 PM)
Pressurization	Automatic, using micropump
Deflation	Constant air release-valve system
Type	Oscillometric
Accuracy	Pressure: ± 3 mmHg or 2%, whichever is greater; Pulse: $\pm 5\%$
Pressure Range	20mmHg to 280 mmHg; Pulse: 40 to 200 pulses/minute
Power Source	Two type AAA alkaline batteries (1.5 volt). Batteries included.
Battery Life	Approx. 400 measurements
Operating Environ.	50° to 104°F (10° to 40°C)
Storage Environ.	14° to 140°F (-10° to 60°C)

Blood pressure measurements determined with this device are equivalent to those obtained by a trained observer using the cuff/stethoscope auscultation method within the limits prescribed by the American National Standards Institute (ANSI/AAMI SP10) for electronic sphygmomanometers. Manufactured by an ISO 9001 and ISO 13485 registered company. Engineered in Japan. Made in China.

Packaging and Shipping Specifications

Individual Unit (Box)	W x D x H (inches)	WT (lb.)	Individual Item Cube (cubic feet)
All UB-512 models	4 ⁹ / ₁₆ x 3 ⁷ / ₁₆ x 6 ¹ / ₁₆	0.71	0.06
Unit Case (10 units)	W x D x H (inches)	WT (lb.)	Case Cube (cubic feet)
All UB-512 models	18 x 10 x 7	8.40	0.73
