

Philips AVENT ISIS
Single electronic breast
pump

SCF292/01

Designed for Comfort

Inspired by nature

Our unique pump is designed with an electronic memory that puts you in control by learning and continuing your personal pumping style.

Stimulate and Express

- Soft massage cushions trigger natural let-down, like baby.
- Gentle vacuum mimics baby's suckling for steady milk flow

Helps you breastfeed longer

- More milk, naturally.

Use three ways

- By mains power, battery power and manual

Benefits and features:

- Learns and continues your pumping rhythm

Soft massage cushions

Gentle-draw vacuum

Mains, battery and manual

Learns and continues your pumping rhythm

More milk, naturally.

- Spare parts: 1 pcs

Product highlights

Soft massage cushions

Patented massage cushions flex in and out, replicating baby's suckling action and stimulating a fast, natural let-down.

Gentle-draw vacuum

The gentle-draw vacuum mimics baby's suckling to create a steady milk flow that requires less pumping.

Mains, battery and manual

In addition to mains power, this single electronic pump can also operate using battery power and as a manual pump, for total flexibility.

Learns and continues your pumping rhythm

Electronic memory learns and, at the touch of a button, continues your personal pumping rhythm.

More milk, naturally.

Expression allows breast milk to be available, even when you can't be there.
