Fireplace/Charcoal Grill
Model 5065-715

Introduction

Your Coleman® RoadTrip® Fireplace/Grill is a versatile unit that functions as either a fireplace or a charcoal grill. Follow these instructions for assembly and read carefully, particularly the safety statements. The safety alert symbol,  is a universally recognized symbol used to identify safety information about hazards that can result in personal injury. When this symbol is used you should pay very close attention to what is written. Review these instructions before beginning assembly or using your fireplace.

FOLLOW INSTRUCTIONS AND WARNINGS TO AVOID FIRE, SERIOUS INJURY OR DEATH.

WARNING

- Outdoor use only. Never use in enclosed area. Use in unventilated areas will endanger your life.
- Keep away from all combustible materials including gasoline and other flammable liquids and vapors.
- Use on a level, noncombustible surface only. Keep away from house, garage, balconies, or eave overhangs.
- Keep out of the reach of children.
- Be sure screen is in place while in use and do not use in windy conditions.
- Do not overfill firebox or use to burn leaves and trash.
- Exercise the same care you would with an open fire.
- Never leave unit unattended when hot or in use.
- Completely extinguish fire before leaving.
- Use gloves when handling or moving. Ashes can remain warm for a long time after extinguishing.
- Dispose of cold ashes properly.
- Do not modify in any way nor use with parts not expressly approved by Coleman.
- Combustion by-products produced when using this product contain chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm.

Contact local authorities regarding possible burn restrictions before using product.

Assembly

1. Carefully unpack all parts from shipping box.
2. Insert Telescoping Legs into Receptors with spring clips inside legs. **Important: Orient legs so small tube welded to leg faces inward. This will ensure proper fit of the Wire Brace.** Legs extend by pushing in on both spring clips protruding from the legs and pulling the legs outward. Then lock leg in place by aligning spring clips with holes in legs. **Always be sure spring clip is protruding through holes in legs to ensure stability.**

3. Assemble Wire Brace to all 3 legs by inserting ends into the small tube welded to each leg. If wire brace does not fit, check Step 2 above to be sure small tube is facing inward.

4. Attach Handles to Firebox with 2 bolts, washers & nuts. Place washer between nut and firebox. **Be careful not to overtighten bolts as this could crack the porcelain finish on the Firebox.**

5. Attach Handle to Lid with 2 bolts, washers & nuts. **Again, be careful not to overtighten bolts as this could crack the porcelain finish on the Lid.**

6. Assemble Damper to Lid with 1 bolt & nut.

7. Assemble Screen Assembly by inserting Hinge Pin into hinges of mating sections.

8. Place Charcoal Grate into Firebox; place Screen Assembly along top edge of Firebox & place Lid on top of Screen Assembly. You are now ready for use as either a Fireplace or Charcoal Grill.

Set Up and Use

AS A FIREPLACE

⚠ WARNING

Never leave unit unattended when hot or in use. Keep out of reach of children. For outdoor use only. Never use in enclosed area. Use in unventilated areas will endanger your life.

- 1. Place unit on a level, noncombustible surface with legs in lowered position.** Keep well away from house, garage, balconies or eave overhangs.
- 2.** Be sure charcoal grate is placed in firebox. Add newspaper, kindling & wood on top of charcoal grate.
- 3.** Place screen assembly along top edge of firebox.
- 4.** Ignite newspaper & kindling with match or butane lighter. Use charcoal lighter fluid if necessary.
- 5.** Once fire is well lit, place lid on top of screen assembly.

Set Up and Use

AS A CHARCOAL GRILL

⚠ WARNING

Never leave unit unattended when hot or in use. Keep out of reach of children. For outdoor use only. Never use in enclosed area. Use in unventilated areas will endanger your life.

- 1. Place unit on a level, noncombustible surface with legs in raised position.** Keep well away from house, garage, balconies or eave overhangs.
- 2.** Be sure charcoal grate is in place in firebox. Place charcoal over charcoal grate and ignite charcoal as instructed on charcoal packaging. Use charcoal lighter fluid as needed.
- 3.** Once charcoal is well lit, place cooking grate on top of firebox and begin cooking!

After Use

⚠ WARNING

To avoid burns – use heavy gloves to remove screen assembly and grates.

1. Completely extinguish fire before leaving.
Extinguish fire by removing screen assembly and placing lid over firebox with damper closed.
2. Do not use water to douse the fire as this may crack the porcelain finish of the firebox.
3. Dispose of cold ashes properly.
4. Be careful – fire may be out but firebox can still be hot. Handle carefully.

Storage

1. Clean all components prior to storing the unit. This will prevent unwanted odors and extend the life of your fireplace/grill.
2. Store the unit in a covered enclosure or place a cover over the entire unit.

Maintenance & Care of Fireplace

- Extreme heat from fire may cause paint to burn off from Screen Assembly. To help restore look & protect steel, use a wire brush to clean, then repaint with high temperature black paint.
- Always allow the unit to completely cool before placing inside an enclosure or placing a protective cover on the unit.
- Check that bolts on handles, leg receptors & damper are tight with no loose fitting pieces.
