## PRODUCT DESCRIPTION

Vantec's ION 2 350W Power Supply is ideal for case modders and regular users alike. The ION 2 is extremely quiet, utilizing a large, temperature-controlled fan to cool itself. All of the cables have been pre-sleeved in black, cleaning up the overall look and reducing clutter significantly. Furthermore, the ION 2 provides just enough connectors for most systems, eliminating the need to hide unused cables and connectors. The ION 2 also features Vantec's EZ-Grip power connectors, which are easier to plug in and remove than standard power connectors, and 2 SATA power connectors. Quiet, attractive and practical, the Vantec ION 2 is perfect for virtually any system.
