X8LCD

X5LCD

Model: X5/8LCD
Professional 5/8" LCD CCTV
Monitor with 3D Noise Filter

Before you begin

● Please unpack the box carefully and identify that all the parts are present.

Please bear in mind the following points when choosing a mounting position.

● Do not expose the display to humidity, dust, direct sunlight or to extreme weather conditions.

● Do not use thinner or other chemical detergents when cleaning. Use a soft cloth to remove dust or dirt from the display screen.

● Avoid storage and use of this display in areas of extreme hot or cold. The display's operating temperature range is -10°C to +40°C.

● Do not drop or strike the display.

● For your own safety, when the display is not in use, remove the AC adapter from the mains.

● Do not cut the LCD cables, this will void the warranty.

● Make sure you use only the recommended power supply. Damage caused to the LCD by incorrect voltage or wiring is not covered by the warranty.

Thank you for purchasing this Xvision monitor. Before operating this product, please read this instruction manual carefully.

1. Safety Precautions

| ⚡ | **CAUTION**
RISK OF ELECTRIC SHOCK.
