

Experience the ultimate  
in wireless pocket computing:

# The Pocket PC e750 WiFi.

The revolutionary Pocket PC e750 WiFi sets a new benchmark in top-end PDA technology. Phenomenal processing power and on-board Wireless LAN make it the ultimate personal productivity tool for today's mobile professional.

- Always connected – fully integrated Wireless LAN for anytime, anywhere Internet and network access
- Phenomenal power – new 400 MHz Intel® PXA 255 processor runs highly demanding applications at extraordinary speed
- Totally expandable – add extra storage and enhance functionality via built-in SD™ and CF™ slots
- Maximum independence – advanced battery technology provides extended mobile power
- Ultra-stylish & ergonomic – combines stunning design with brilliant ease of use

#### Always connected.

Fully integrated Wireless LAN means the Pocket PC e750 WiFi lets you go anywhere in your work environment while staying connected to the network at all times. Out of the office, connect to the Internet through wireless Hot Spots. Built-in InfraRed also supports easy data transfer and synchronisation.

#### Phenomenal power.

Driven by the powerful new Intel® PXA 255 processor running at 400 MHz, the PDA breezes through web browsing, video streaming and spreadsheets. The multimedia performance is awesome too, thanks to ATI IMAGEON™ 100 graphics, audio and video technology, and a large 3.8" TFT colour display offering crystal sharpness in all light levels.

#### Totally expandable.

Use the Secure Digital™ slot to include instant Bluetooth™ capability or add up to 256 MB of extra storage. The standard CompactFlash™ slot provides even more expansion options, such as a modem card. Toshiba's optional Expansion Pack also enables direct USB porting and VGA output.

#### Maximum independence.

Use the exchangeable standard battery to stay on top of business. Or add the optional high-capacity power pack for greater independence. In addition to the 32 MB Flash ROM and 64 MB RAM, the e750 has a 32 MB NAND Flash Memory offering additional data reliability.

#### Ultra-stylish & ergonomic.

At just 125 x 80 x 16 mm and weighing 196.5 g, this lightweight powerhouse can be carried in a pocket all day long. Quick-access buttons and 5-way navigation make it supremely easy to use. Also included are an integrated microphone, speaker, headphone jack and one-touch voice recording function for memos.
