

Stellar DBX to PST Converter 2.0

User Guide

Overview

Stellar DBX to PST Converter converts Microsoft Outlook Express (DBX) files to Microsoft Outlook (PST) file. The application scans and converts a single DBX or a complete mailbox with multiple DBX files. After scanning, the software shows the preview of mails.

Key Features of Stellar DBX to PST Converter are as follows:

- User friendly and secure software.
- Converts Microsoft Outlook Express (DBX) files to Microsoft Outlook (PST) file.
- Find feature to search for Microsoft Outlook Express (DBX) files.
- Provides preview of mails.
- Log Report.

Installation Procedure

Before installing the software, check that your system meets the following minimum system requirements:

Minimum System Requirements

Processor: Pentium Class

Operating System: Windows 8.1 / Windows 8 / Windows 7 / Windows Vista / Windows XP

Memory: Minimum 1 GB

Hard Disc: 100 MB free space

MS Outlook: 2013 / 2010 / 2007 / 2003

To install the software, follow these steps:

1. Double-click **StellarDBXtoPSTConverter.exe** executable file to start installation. **Setup - Stellar DBX to PST Converter** dialog box is displayed.
2. Click **Next**. **License Agreement** dialog box is displayed.
3. Choose **I accept the agreement** option. **Next** button will be enabled. Click **Next**. **Select Destination Location** dialog box is displayed.
4. Click **Browse** to select the destination path where the setup files will be stored. Click **Next**. **Select Start Menu Folder** dialog box is displayed.
5. Click **Browse** to provide path for program's shortcuts. Click **Next**. **Select Additional Tasks** dialog box is displayed.
6. Choose the check boxes as per your choice. Click **Next**. **Ready to Install** dialog box is displayed.
7. Review the entries. Click **Back** if you want to change them. Click **Install** to start installation. The installation window shows the progress.
8. After completing the process, **Completing the Stellar DBX to PST Converter Setup Wizard** window is displayed. Click **Finish**.
9. Clear **Launch Stellar DBX to PST Converter** check box to stop automatic launch of software.

Note: Clear **Launch Stellar DBX to PST Converter** check box before clicking **Finish** to prevent the software from launching.

Launching the software

To launch Stellar DBX to PST Converter in Windows 8.1 / 8:

- Click **Stellar DBX to PST Converter** tile on the home screen. On application main screen, select **Convert DBX to PST** icon.

Or,

- Double click **Stellar DBX to PST Converter** on desktop and then select **Convert DBX to PST** icon on the main screen of the application.

To launch Stellar DBX to PST Converter in Windows 7 / Vista / XP:

- Click **Start -> Programs -> Stellar DBX to PST Converter -> Convert DBX to PST**.

Or,

- Double click **Stellar DBX to PST Converter** on desktop and then select **Convert DBX to PST** icon on the main screen of the application.

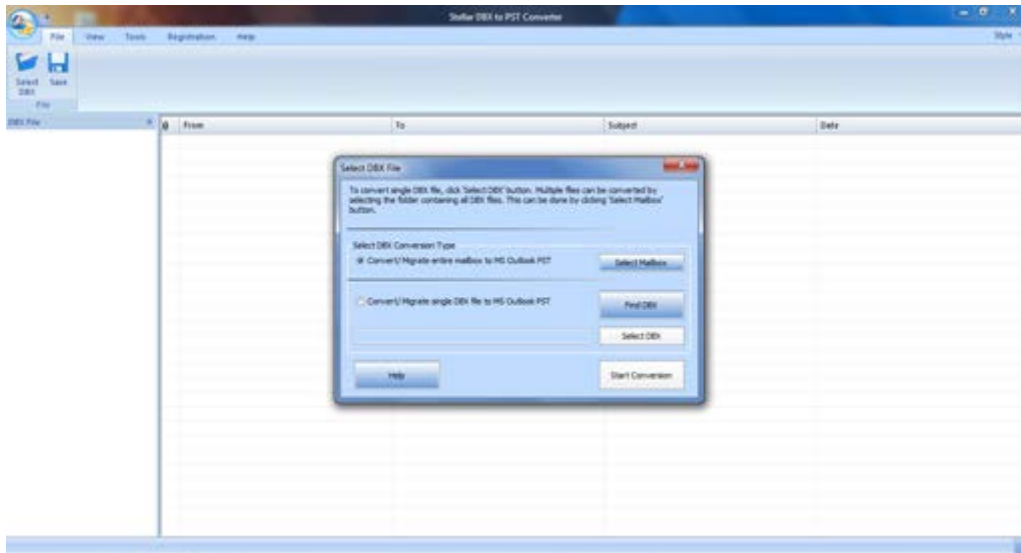

Or,

- Click on **Stellar DBX to PST Converter** in **Quick Launch**. On application main screen, select **Convert DBX to PST** icon.

About

How to Order

To know more about Stellar DBX to PST Converter, click [here](#).

To purchase the software online, please visit <http://www.stellarinfo.com/email-repair/dbx-pst-converter/buy-now.php>

Select either of the methods given above to purchase the software.

Once the order is confirmed, a serial number will be sent to you through e-mail, which would be required to activate the software.

How to Register

The demo version of Stellar DBX to PST Converter can be downloaded from the Stellar website. This demo version is just for evaluation purpose and must be eventually registered to use the full functionality of the software. Software can be registered after receiving the key.

To register the demo application, follow the steps given below:

1. Select **Activate Stellar DBX to PST Converter** in **Registration** menu. Activation dialog box is displayed.
2. If you have the registration key, select **I have a Registration Key** and click **OK**. **Stellar DBX to PST Converter** dialog box is displayed.

3. Enter the **User Name**, **Activation Code** and then click **OK** to activate the software.

4. If you don't have the registration key, select **I do not have the registration key** and click **OK** to purchase the software online.

How to Update

There are periodical software updates for **Stellar DBX to PST Converter**. The software updates should be done to keep the software up-to-date. The updates can be a newly added functionality, a new feature, a new service or any other information that can be important for improvement. Update option in the application is capable of checking for the latest updates. This will check for both latest minor and major version available online. You can easily download minor version through the update wizard. However, the major version, if available, has to be purchased. While updating the software, it's recommended to close all the running programs. Note that demo version can not be updated.

To update the application, follow the steps given below:

1. Click on **Update Wizard** button from the **Tools** menu bar. **Update Wizard** is displayed.
2. Click **Next**. A busy timer shows that updates are being searched. If it finds any new version, a message indicates the availability.
3. If a message is displayed that no updates are available, click **Cancel** to close the wizard.
4. Click **Next**. The software will start downloading the update files from the server. When the process is complete, the software will upgrade to the latest version.

Convert Entire Mailbox to PST File

To convert an entire mailbox to PST file, follow the steps given below:

1. Choose **Convert / Migrate entire mailbox to MS Outlook PST** in **Select DBX File** dialog box as shown below:

2. **Select DBX File** dialog box is opened when you
 - i. Launch the application.
 - ii. Choose **Open DBX File** option from the **File** menu.
 - iii. Click **Open DBX File** button on the toolbar.
3. Click on **Select Identity Folder** button from the **Select DBX File** dialog box and locate identity folder in **Browse** dialog box. The software will display the list of DBX files found in the identity folder as shown below:

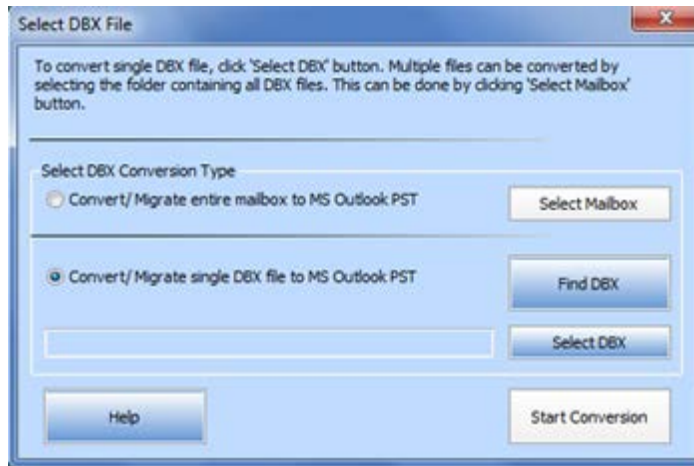

4. Click **Start Conversion** button to start the scanning process.

Note: The default location of Identity Folder on Windows XP system is -> C:\Documents and Settings\Administrator\Local Settings\Application Data\Identities\Microsoft.....

Convert Single DBX file to PST file

To convert a single DBX file to a PST file, follow the steps given below:

1. Choose **Convert / Migrate single DBX file to MS Outlook PST** in **Select DBX File** dialog box as shown below:

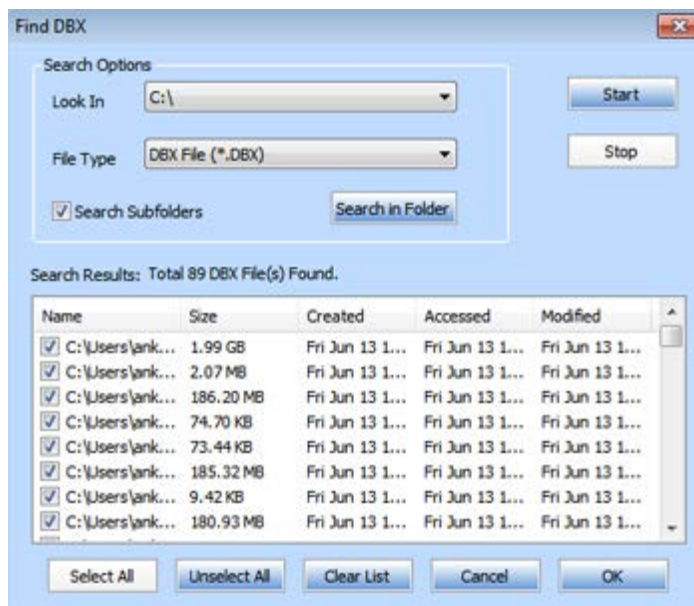

2. **Select DBX File** dialog box is opened when you
 - i. Launch the application.
 - ii. Choose **Open DBX File** option from the **File** menu.
 - iii. Click **Open DBX File** button on the toolbar.
3. Click **Select DBX** button and locate DBX file in Open dialog box. After selection, **Start Conversion** button is enabled.
4. Click **Start Conversion** button to start the scanning process.

Find DBX Files

To search for DBX files on your computer, you can use the **Find DBX** button.

To search for DBX files on your computer, follow the steps given below:

1. Click **Find DBX** button in **Select DBX File** dialog box. The **Find DBX** dialog box opens as shown below:

2. Select drive to be searched for DBX files in Look in drop down box and click **Start** button. The application starts searching for DBX files and displays list of files found after finishing the search.
3. Select the desired DBX file and click **OK**.
4. Click **Start Conversion** button in **Select DBX File** dialog box to start conversion process.

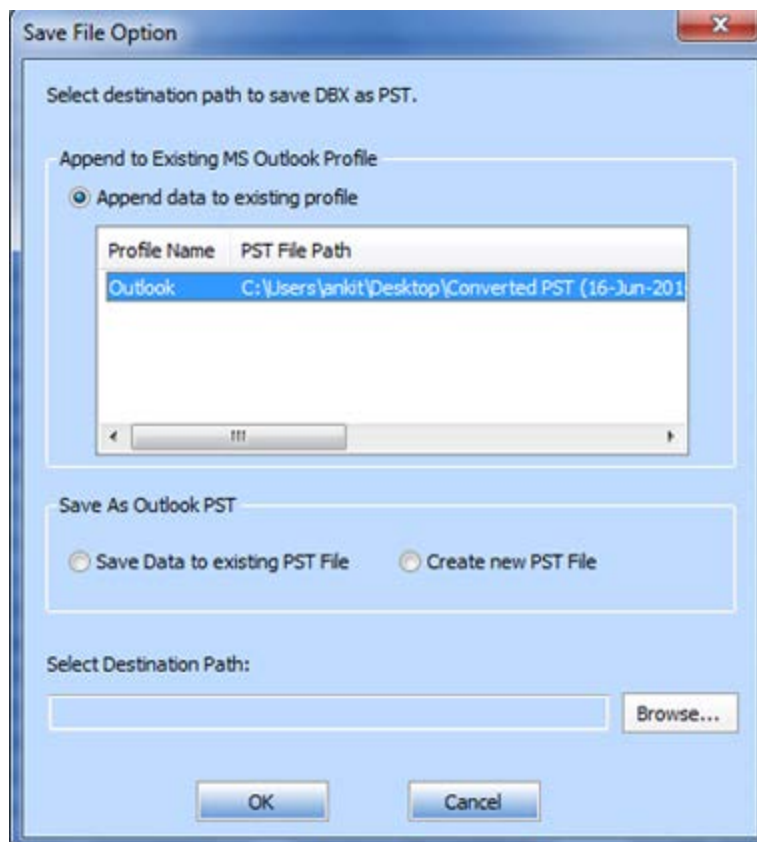

After scanning is completed successfully, the application displays mailbox folders in left pane of the user interface. Click on any folder to see its mails in upper right pane. To see content of desired mail, click on it in upper right pane. The content is displayed in lower right pane as shown below.

Save Converted File

To save the converted mails, follow the steps given below:

1. Click on the desired mail item folder in the left pane to select it.
2. Click on **Save Mails** button on the toolbar or select **Save Mails** option from **File** menu.
3. **Save File Option** dialog box will open as shown below.

4. To append the converted mails to an existing MS Outlook profile, follow the steps given below:
 - i. By default, **Append data to existing profile** radio option is selected and all MS Outlook profiles are displayed. You can select any one of them.
 - ii. Click **OK**.

The converted mails will be added to the existing MS Outlook profile.

Or,

4. To save converted mails to a new PST file, follow the steps given below:
 - i. Select **Create New PST File** and click **Browse** button.
 - ii. **Browse For Folder** dialog box opens. Select location for saving PST file and click **OK**.

- iii. Click **OK**.

The converted mails will be saved into a new PST file at the specified location.

Or,

4. To save converted mails to an existing PST file, follow the steps given below:
 - i. Select **Save Data to existing PST File** and click on **Browse** button.
 - ii. **Browse For Folder** dialog box opens. Select an existing PST file in **Open** dialog box. Click **Open**.
 - iii. Click **OK**.

The converted mails will be saved into the selected PST file.

Note: *In demo version of the software, you can only view and save the subject and body of the mails but cannot open any of the mail's attachments. All other fields have DEMO written in it.*

Import PST File in MS Outlook

To import PST file in Microsoft Outlook 2010 / 2013:

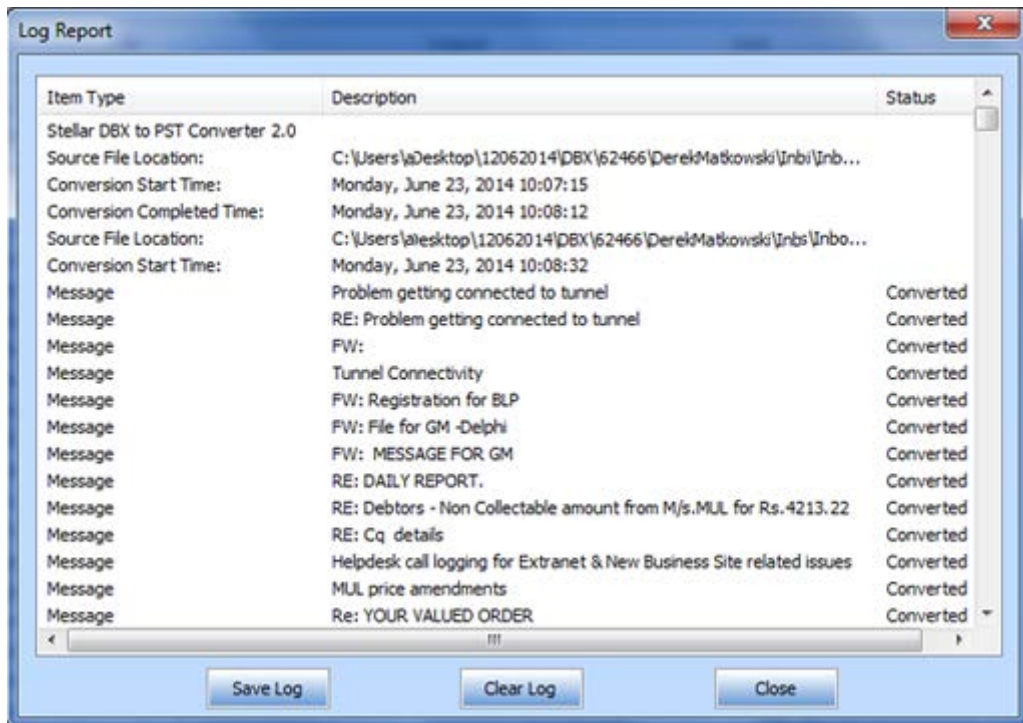

1. Open Microsoft Outlook from **File** menu, select **Open -> Import**. (For MS Outlook 2013, select **Open and Import** from **File** menu).
2. From **Import and Export Wizard** window, select **Import from another program or file**, click **Next**.
3. In **Import a File** dialog box, select **Outlook Data File (.PST)**, click **Next**.
4. Click **Browse** to locate the PST file that needs to be imported. In the options box, select an appropriate option. Click **Next**.
5. In **Import Outlook Data File** dialog box, select the folders that should be imported in Microsoft Outlook. Click **Finish**.

To import PST file in Microsoft Outlook 2007 / 2003:

1. Open **Microsoft Outlook**. From **File** menu, select **Import and Export**.
2. From **Import and Export Wizard** window, select **Import from another program or file**, click **Next**.
3. In **Import a File** dialog box, select **Personal Folder File (PST)**, click **Next**.
4. Click **Browse** to locate the PST file that needs to be imported. In the options box, select an appropriate option. Click **Next**.
5. In **Import Personal Folders** dialog box, select the folders that should be imported in Microsoft Outlook. Click **Finish**.

Save Log Report

Log Report window displays the log from the beginning of the process to its end along with other information like name of file etc. during running of the process. With Stellar DBX to PST Converter, you can save the Log Report to analyze the process at a later stage.

To save the log details:

1. Click on **View** menu. Select **Log Report** option.
2. From **Log Report** dialog box, click on **Save Log** option.
3. Browse for location in **Save As** dialog box to save the log report at a desired location. Click **OK**.

To clear the log details:

1. Click on **View** menu. Select **Log Report** option.
2. From **Log Report** dialog box, click on **Clear Log** option.

FAQs

1. What does the demo version of the software do?

In demo version of the software, you can only view and save the subject and body of the mails but cannot open any of the mail's attachments. All other fields have DEMO written in it. To view / save all data and open attachments, you need to purchase and register the software.

2. Can I convert a single mail into PST file?

No.

3. Can Stellar DBX to PST Converter search for a DBX file location of which is unknown to me?

Yes, you can search for DBX file using Find option present in Select DBX File dialog box. for full detail, please refer to Find DBX Files topic of this help.

4. I want to save converted mails into an existing PST file. How can I do it?

Stellar DBX to PST Converter gives you option to save converted mails into an existing or new PST file. For full details, please refer to Save Converted File topic of this help manual.

5. Can I convert multiple DBX files simultaneously?

Yes. But multiple DBX files should be in a single identity folder. Then you can select this identity folder for conversion.

6. Can I convert multiple Identity Folders simultaneously?

No.

7. What is the default location of DBX file on my Windows XP system?

The default location of DBX file on Windows XP system is -> **C:\Documents and Settings\Administrator\Local Settings\Application Data\Identities\....**

8. Can I save converted mails to a password protected PST File?

Yes, absolutely. You can now save converted mails to a password protected PST file using **Stellar DBX to PST Converter** software. By selecting **Append data to existing profile / Save Data to an existing PST file**, you can add data to a password protected PST file as well, by simply entering the password when prompted.

Your Agreement to this License

You should carefully read the following terms and conditions before using, installing or distributing this software, unless you have a different license agreement signed by Stellar Information Technology Private Limited.

If you do not agree to all of the terms and conditions of this License then do not copy, install, distribute or use any copy of Stellar DBX to PST Converter with which this License is included, you may return the complete package unused without requesting an activation key within 30 days after purchase for a full refund of your payment.

The terms and conditions of this License describe the permitted use and users of each Licensed Copy of Stellar DBX to PST Converter. For purposes of this License,

if you have a valid single-user license, you have the right to use a single Licensed Copy of Stellar DBX to PST Converter. If you or your organization has a valid multi-user license, then you or your organization has the right to use up to a number of Licensed Copies of Stellar DBX to PST Converter equal to the number of copies indicated in the documents issued by Stellar Information Technology Private Limited when granting the license.

Scope of License

Each Licensed Copy of Stellar DBX to PST Converter may either be used by a single person or used non-simultaneously by multiple people who use the software personally installed on a single workstation. This is not a concurrent use license.

All rights of any kind in Stellar DBX to PST Converter, which are not expressly granted in this license, are entirely and exclusively reserved to and by Stellar Information Technology Private Limited. You may not rent, lease, modify, translate, reverse engineer, de-compile, disassemble or create derivative works based on Stellar DBX to PST Converter nor permit anyone else to do so. You may not make access to

Stellar DBX to PST Converter available to others in connection with a service bureau, application service provider or similar business nor permit anyone else to do so.

Warranty Disclaimers and Liability Limitations

Stellar DBX to PST Converter and all accompanying software, files, data and materials are distributed and provided AS IS and with no warranties of any kind, whether expressed or implied. You acknowledge that good data processing procedure dictates that any program including Stellar DBX to PST Converter must be thoroughly tested with non-critical data before there is any reliance on it and you hereby assume the entire risk of all use of the copies of Stellar DBX to PST Converter covered by this License. This disclaimer of warranty constitutes an essential part of this License.

In addition, in no event does Stellar Information Technology Private Limited authorize you or anyone else to use Stellar DBX to PST Converter in applications or systems where its failure to perform can reasonably be expected to result in a significant physical injury or in loss of life. Any such use is entirely at your own risk and you agree to hold Stellar Information Technology Private Limited harmless from any and all claims or losses relating to such unauthorized use.

In no event shall Stellar Information Technology Private Limited or its suppliers be liable for any special, incidental, indirect, or consequential damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of the use of or inability to use the software product or the provision of or failure to provide support services, even if Stellar Information Technology Private Limited has been advised of the possibility of such damages. In any case, Stellar Information Technology Private Limited's entire liability under any provision shall be limited to the amount actually paid by you for the software product.

General

This License is the complete statement of the agreement between the parties on the subject matter and merges and supersedes all other or prior understandings, purchase orders, agreements and arrangements. This License shall be governed by the laws of the State of Delhi, India. Exclusive jurisdiction and venue for all matters relating to this License shall be in courts and fora located in the State of Delhi, India and you consent to such jurisdiction and venue. There are no third party beneficiaries of any promises, obligations or representations made by Stellar Information Technology Private Limited herein. Any waiver by Stellar Information Technology Private Limited of any violation of this License by you shall not constitute nor contribute to a waiver by Stellar Information Technology Private Limited of any other or future violation of the same provision or any other provision of this License.
