

Headphones & Accessories 1
Closed, circumaural headphones**EH 2200****Cat. No. 04729****Description**

Their powerful dynamics make the eH 2200 the ideal general-purpose, closed-back monitoring headphones. Due to their lightweight design and exceptional comfort they are ideal for extended use. The Kevlar-reinforced cable is detachable and can be replaced easily.

Features

- Ideal for long monitoring sessions
- Very good attenuation of ambient noise (-25 dB max.)
- Neodymium magnets for high efficiency
- 3 m Kevlar-reinforced, single-sided, detachable cable
- Designed and engineered in Germany
- 2-year guarantee

**Delivery includes**

- 1 eH 2200
- 1 adaptor to 1/4" stereo jack plug

Technical data

Transducer principle	dynamisch
Ear coupling	ohrumschließend, geschlossen
Impedance	64 Ohm
Characteristic SPL	106 dB
Weight	ca. 140 g
Cable length	3m, sauerstofffreies Kupfer (OFC), auswechselbar mit 2,5mm Klinkenstecker
Jack plug	3,5 mm Stereoklinke mit 6,3 mm Adapter
THD, total harmonic distortion	< 0,3 %
Frequency response (headphones)	12.....22000 Hz
