Charging Your Headset

1. Please fully charge the headset's battery before using it for the first time.
2. Approximately 2 hours are required to fully charge the headset.
3. The indicator light turns red while being charged, and will turn off automatically after being fully charged.

- Note 1: Check that the charging device is suited for the headset.
Note 2: Do not attempt to force open the built-in battery as this could damage the headset.
Note 3: If left unused, a fully charged headset will lose its power automatically. It is recommended to charge the headset each three months.
Note 4: Do not leave the headset in a too hot or too cold condition (best between -10 ℃ and 50 ℃) which may affect the headset's operations although it is fully charged.
Note 5: Do not dispose of the headset into a fire or water.

Turning On The Headset

In OFF MODE, press and hold MFB for 3 seconds, until you hear "Power on", the indicator light turns blue for 1 second, then the headset will enter into ON MODE.

Turning Off The Headset

In ON MODE (except call mode), press and hold MFB for 3 seconds, until you hear "Power off", the indicator light turns red for 1 second, then the headset will enter into OFF MODE.

Pairing Your Headset With A Bluetooth Phone

1. Ensure the headset is off, and the distance between your headset and phone is within 1 meter to activate the Bluetooth function on the phone.
2. Press and hold MFB until the indicator light flashes blue and red alternately, you will hear a short beep as it enters PAIRING MODE.
3. Search Bluetooth devices (see the user guide of your phone for instructions).
4. Select headset "SBN40" from the found devices list in the phone's Bluetooth menu.
5. After waiting for a few seconds, you will hear a short beep (If the pairing cannot be completed within 5 minutes after the PAIRING MODE has been activated, the headset will enter into the STANDBY MODE. Please repeat above steps to do the pairing again).
6. Ensure the distance between your headset and phone is within effective distance, so you can use the headset freely.
7. When the headset is off, it will connect the paired phone automatically if you turn on the headset again within operation range.

Note 1: When the mobile phone's Bluetooth version below 2.1, you need to enter pairing code "0000";

Note 2: When the mobile phone's Bluetooth version 2.1 or exceed 2.1, you don't need to enter the pairing code.

Answering A Call

When a call is coming in, you will hear the incoming call numbers, you can then answer it with the ways below:
