Folders / Inserters

DI350 Office Right™ Inserting System

For low- to mid-volume mailers, the DI350 OfficeRight™ Inserting System delivers the technology of high-volume inserters with great value. Configurable to your needs, it folds and inserts over 15 times faster than by hand.

Item	GSA	Description	GSA Price
DI37	GSA	3 Station DI350 with OMR	$11,339

DI380/DI425 Inserters

With the DI380 and DI425 Inserter Series, you get a seamless mailing process. Collating, folding and inserting are automated. Bills and statements go out promptly. Optical Mark Recognition (OMR) helps to ensure that customers receive the correct marketing and financial documents. When used with a DM Series™ digital mailing system, inserting and mailing are integrated. This powerful combination brings benefits that flow through to the rest of your business, giving you uninterrupted time to develop new business opportunities.

The DI425 targets mid-to-high volume customers. It's also the best solution for common applications, such as bills or statements, direct mail, and reply envelopes, and variable length mailings with OMR. Furthermore, it's great for customers where time is a critical factor for their jobs.

Item	GSA	Description	GSA Price

SP6Z	GSA	FD78 Power Stacker for DF500 When Purchased Separately	$1,046

OfficeRight Folder

DF100 eliminates the hand-folding bottleneck by automatically and crisply folding 8.5" x 11" documents of up to three pages; easy-to-use, feed the sheet and it's out, neatly folded and ready for the envelope a second later.

The fold settings for the DF400 are electronically set via the user-interface. This means that no manual fold setting and adjustments are necessary. The unit is capable of 8 ½" x 11" C and Z folds for letters/correspondences, 8 ½" x 14" Double-Parallel Folds for newsletters/legal letters, 8 ½" x 11" Half-Folds for letters/flyer applications, 8 ½" x 14" Half-Folds for newsletter applications, and 8 ½" x 7" Half-Folds for invoices/payrolls/checks.

DocuMatch®

Documatch

The Pitney Bowes DocuMatch® Integrated Mail System takes an original document from your Windows ™ based personal computer and turns it into a finished, properly addressed, matched mailpiece in a sealed envelope. It prints personalized documents and matching envelopes, adds preprinted sheets, accumulates, folds, adds another insert, inserts the complete mailpiece into the matching envelope, and seals it - all in one operation. And DocuMatch® delivers much greater accuracy than you can ever get by hand.

Arrival®

ARRIVAL™ Software

Arrival XE tracks incoming mail, packages and other accountable items, ensuring delivery to the final destination, once received in your facility. Arrival automates your internal deliveries, tracking a package through every stage of delivery. By automating the flow of incoming items to their final destina-tions, Arrival increases employee accountability and prevents lost items. The system tracks the status of each item and can determine its location, the date and time of delivery, and capture the signature of the recipient. All in 5 simple steps

Desktop / Thin-Client Software

Desktop Express is an intranet-based shipping management system. It provides shippers with desktop access to information they need to optimize carrier service utilization, including service delivery comparisons, business rule automation, address correction, and powerful analytical capabilities. It helps reduce costs, simplify cost center allocations, and improve on-time delivery.

Desktop Express enables rating, shipping, and tracking of letters, express documents, and packages right from the desktop. Powerful administration and management tools combine with the intranet architecture to lower total cost of ownership. Most users can expect savings of 3 to 8% of their carrier expenses and gain significant employee efficiency and customer service improvements.

SendSuite™ Shipping Solutions

SendSuite™ Shipping Solutions Basic Price List

SendSuite™ technology handles your primary mailroom shipping needs, from comparing rates and checking residential code status to preparing labels, tracking packages and auditing delivery times. Because it's integrated with the major carriers, SendSuite Solutions let you monitor the status of all your packages, incoming and outgoing.

On-screen prompts make SendSuite™ Solutions easy to use. Optional ShipRequest™ software standardizes shipping requests received by the mail center and eliminates the hassle of hand-to-decipher handwriting and the manual preparation of airbills and other paper forms.

Automated shipment notifications, including carrier tracking number and the carrier's estimated delivery time, eliminate unnecessary calls to the mail center.

SendSuite Basic Software License Options (SMA is 12% of list price of total solution)

Item	GSA	Description	GSA Price
VBSS	GSA	Basic Single Site Single Workstation: Must Activate Carriers, Add Features, Add Hardware, and Service Time	$2,515
VBSM	GSA	Basic Single Site Multiple Workstations: Must Activate Carriers, Add Features, Add Hardware, and Service Time	$5,875
VBMM	GSA	Basic Multiple Sites Multiple Workstations: Must Activate Carriers, Add Features, Add Hardware, and Service Time	$13,435

You must activate carriers, add features, add hardware, and apply service time to scale SendSuite to the customers' needs. The Basic Software License does not support LTL, or hazardous materials processing.

DMT Production Mail

DM Infinity Series

The Pitney Bowes DM Infinity™ Series is the first USPS® approved high-speed digital metering solution for the production mail environment, metering mail up to 22,000 mail pieces per hour. It is the first mailing system with the ability to process mixed weight mail on a single meter utilizing Reset-on-the-Fly™ technology, enabling a shorter footprint for new Pitney Bowes inserter systems.

SIN 51-1001 LEASE TO OWNERSHIP FINANCING PLAN (NOT APPLICABLE TO INTELLILINK™ SUBSCRIPTION OR POSTAGE METER RENTAL)

Terms and Conditions Applicable to the Lease to Ownership of Equipment.

1. Purpose. The Lease to Ownership Plan ("LTOP") is available for all Pitney Bowes equipment, including equipment that is listed on the Pitney Bowes GSA Contract GS-25F-0010M (the "GSA Contract") (other than the IntelliLink™ Control Centers and Postage Meters and unless otherwise noted in the published GSA price list) and equipment that is not listed on the GSA Contract**.**

2. Invoicing. Invoices are issued monthly in arrears and the net amount is payable upon receipt.

3. Rate. The LTOP monthly payment shall be calculated by applying the applicable lease rate factor to the net Government price of the equipment shown in the current GSA Contract (including any applicable program allowances), or in the case of non-contracted equipment, the price based upon open market transactions. The payment factors are as follows:

Term	Lease Rate	Interest Rate
24	.04662	11.03%
36	.03275	11.03%
48	.02586	11.03%
60	.02176	11.03%

4. Maintenance. LTOPs may include equipment and software maintenance. Such services shall be separately priced at open market prices.

5. Duration of Rental. The lease period shall be for a period of 24, 36, 48 or 60 months. The Government anticipates that it will have a bona fide need for the Equipment for the entire LTOP Term and contemplates fulfilling the entire LTOP Term. Pitney Bowes has determined the applicable lease rate in reliance upon the Government's representation of its intention to fulfill the entire LTOP term.

6. Termination/Cancellation. The LTOP may not be terminated or cancelled except under the following conditions:

(1) Cancellation for Non-Appropriation (End of Fiscal Year) – The Government may cancel the LTOP at the end of the first full fiscal year of the LTOP Term or at the end of any subsequent fiscal year, if appropriated funds are not available to the ordering agency for LTOP payments due in the next fiscal year. In the event of a non-appropriation, the Contracting Officer must provide written notice to Pitney Bowes that states: "Sufficient funds have not been and will not be appropriated for the remaining payments due under the LTOP. The Government will not replace the cancelled equipment for the same organizational entity with similar equipment from Pitney Bowes or from another contractor in the succeeding fiscal year."

(2) Termination for Convenience – The Government may terminate the LTOP for convenience during a fiscal year if the Government provides written notice to Pitney Bowes, as provided in FAR 52.249 "Termination for Convenience of the Government" and pays Pitney Bowes the applicable termination charge. The termination charge due Pitney Bowes if the Government terminates the LTOP for convenience shall be equal to the net present value of the monthly payments remaining through the completion of the LTOP, discounted to present value at an

interest rate equal to six percent (6%) per annum. The Equipment shall become Government property upon Pitney Bowes' receipt of the termination payment. All termination charges must be paid to Pitney Bowes at the remittance address specified in the Pitney Bowes invoice.

7. Purchase Option. The Government may purchase the Equipment at any time during the LTOP term by paying the remaining balance of LTOP payments.

8. Industrial Funding Fee ("IFF"). Pitney Bowes shall pay the Industrial Funding Fee at the inception of the LTOP. The IFF shall be based upon three-fourths of one percent (3/4%) of the net price of the equipment leased, exclusive of taxes, financing charges and trade-in allowances, residual or any other concessions. Pitney Bowes shall pay the IFF on scheduled items only.

9. Title. Title to the Equipment and any and all replacements, substitutions and repairs thereto shall pass to the Government upon delivery however the Government and Pitney Bowes agree that title shall automatically revert to Pitney Bowes in the event of default by the Government or cancellation or termination under section 6. To secure the payment of the LTOP payments and any other obligations of the Government, the Government grants a security interest in the Equipment and all additions, attachments, accessions and substitutions thereto or therefor.

10. Terms. Unless otherwise specified herein, all other terms and conditions are identical to those of the contract.

SIN 50-205 EQUIPMENT RENTAL (NOT APPLICABLE TO INTELLILINK™ SUBSCRIPTION OR POSTAGE METER RENTAL)

Terms and Conditions Applicable to Rental of Equipment other than Postage Meters.

Purpose. The Rental Program is available for the rental of all equipment covered by the Pitney Bowes GSA contract GS-25F-0010M (the "GSA Contract"), other than the IntelliLink™ Control Centers and Postage Meters and unless otherwise noted in the published GSA price list. **Rental equipment may be new or reconditioned at Pitney Bowes option.**

Invoicing. Invoices are issued quarterly in arrears and the net amount is payable upon receipt.

Rental Rate. The monthly rental rate shall be **4 1/2%** of the net Government price shown in the Federal Supply Schedule Price List covering the GSA Contract. Net Government price includes any applicable program allowances. Prices for new or reconditioned equipment are the same.

Maintenance. All rentals include maintenance at no additional cost. Consumable parts and supplies such as but not limited to rubber belts, rollers, felt ink rollers, sealer and moistener brushes are not guaranteed against fair wear and tear and shall be replaced at the cost of the Customer. In addition, **scale PROM'S are not guaranteed against obsolescence** caused by changes or errors in USPS or private delivery carriers special rate structures **and shall be replaced at the cost of the Customer**.

Duration of Rental. The rental period shall be a minimum of twelve (12) months from date of installation of the equipment. However, if the Fiscal Year expires during the initial twelve (12) month term and funding for the rental under the GSA Contract is eliminated from the following Fiscal Year's budget, the rental may be terminated on thirty days written notice without cost to the Customer. The GSA Contract shall be terminated at the end of the first twelve (12) months by written notice thirty days prior to the end of the period. Thereafter, rental may be continued on a month-to-month basis and may be terminated at any time on thirty (30) days written notice.

Pricing. The rental charge shall remain in effect during the initial twelve (12) month term. All Charges are subject to change after the initial term.

Usage. The monthly rental rate is based on usage by one shift of personnel. In the event that equipment shall be used by more than one shift of personnel, the customer agrees to notify the company of such additional usage, and to pay an additional charge in the amount of 50% of the rental payments for the period during which the equipment is so used.

Property of Company. The equipment shall remain the property of Pitney Bowes upon termination of this agreement. The customer will return the equipment to Pitney Bowes in good condition, except for normal wear and tear.

SIN 50-205 EQUIPMENT RENTAL (CONTINUED)

Purchase Option. If the machine on rental is purchased, the following allowance will be given toward the net purchase price of the equipment. The net purchase price of the equipment shall be the lower of (i) the Government price, according to the GSA Contract, of the equipment at the time of original rental and (ii) the Government price, according to the GSA Contract, of the equipment at the time that the purchase option is exercised:

1. If the option to purchase is exercised on or before the third month from the date of installation, a credit of ninety per cent (90%) of all rentals paid will be allowed toward the purchase of the above equipment.

2. If the option to purchase is exercised after the third month from the date of installation but on or before six months from date of installation, a credit of seventy per cent (70%) of all rentals paid will be allowed toward the purchase price of the above equipment.

3. If option to purchase is exercised after six (6) months from date of installation but on or before twelve (12) months from date of installation, a credit of fifty per cent (50%) of all rental paid will be allowed toward the purchase price of the above equipment.

4. If option to purchase is exercised after twelve (12) months of installation, a credit of forty per cent (40%) of all rentals paid will be allowed toward the purchase of the above equipment with a maximum credit of fifty-six per cent (56%) of the net purchase price.

5. When the option to purchase is exercised: a) any rental equipment which was not new at the initial rental will be replaced with new equipment; or b) if the rental equipment was new at the initial rental no equipment replacement is necessary.

6. Any equipment purchased under the option to purchase shall be entitled to our 90 day warranty from the date of purchase.

Terms. Unless otherwise specified herein, all other terms and conditions are identical to those of the GSA Contract.

Time of Delivery. When available in plant or branch stock, delivery shall be within thirty (30) days after receipt of order, otherwise within ninety (90) days.

SIN 50-205 METER RENTAL

Terms and Conditions Applicable to Intellilink™ Subscription and Rental of Postage Meters.

INTELLILINK™ SUBSCRIPTION/METER RENTAL.

Pursuant to United States Postal Service ("USPS") regulations, Pitney Bowes Inc. ("Pitney Bowes") must own the IntelliLink™ Control Center or Meter, and you may rent and use it solely for the purpose of processing your mail, provided that you have a valid USPS meter license and you comply with (i) these provisions and (ii) all applicable USPS regulations. Your rights of use and rental shall be coterminous with your LTOP or Equipment Rental term ("Initial Term"), and you will be billed the subscription or rental fees set forth in such agreement. The use and rental provided for herein may be cancelled by either party upon 30 days prior written notice. After termination, you must return the IntelliLink™ Control Center or Meter to Pitney Bowes in the same condition as you received it, reasonable wear and tear excepted. Your subscription and/or rental fees will not be increased during the Initial Term. After the Initial Term, Pitney Bowes may increase the subscription and/or rental fees upon 30 days' prior written notice, provided no notice will be given if such increase is being offset by a corresponding reduction in your LTOP or equipment rental payment. When you receive notice of an increase, you may terminate this use and rental as of the date the increase becomes effective. Your IntelliLink™ Control Center and/or Meter may require periodic rate information updates that you can obtain under our Soft-Guard® program or you will receive individual rate updates as a separate charge. Pitney Bowes reserves the right to recover or disable the IntelliLink™ Control Center or Meter and/or terminate this use and rental at any time and for any reason. Tampering with or misusing the IntelliLink™ Control Center or Meter is a violation of federal law. You must use only attachments or printing devices authorized by Pitney Bowes and only supplies meeting Pitney Bowes' specifications. Consumable supplies and postage are your responsibility. From time to time, we may access or download information remotely from your mailing system equipment powered by Intellilink™ technology to provide us with information about your postage usage amounts and patterns. Such information enables us to provide you with the best customer support and information about other products and services that may be of use to you, and some of the access and/or information may be necessary in order to conduct an inspection as required by United States Postal Service regulations. Any individually identifiable information that we obtain about you in this manner will not be shared by us with any third parties. From time to time, we may elect in our sole discretion to share aggregate data about our customers' postage uses with third parties. Please contact us if you have any questions about these data collection and/or sharing practices. You will notify Pitney Bowes prior to moving the IntelliLink™ Control Center or Meter to a different location. In order to obtain postage, IntelliLink™ Control Center or Meter, you must contact Pitney Bowes' POSTAGE BY PHONE® data center. Postage refill fees if any will not increase during the Initial Term but thereafter refill fees may be increased upon 30 days prior written notice. If you participate in any Pitney Bowes, Pitney Bowes Global Financial Services LLC ("PBGFS") and/or the Pitney Bowes Bank (the "Bank") postage advance programs, payment will be advanced on your behalf to USPS, subject to repayment by you under the terms and conditions of the applicable postage advance program and billed separately from your LTOP Payment. Refunds of unused postage, if any, will be made by USPS in accordance with then current USPS regulations. Your download of postage after receipt of these terms shall be deemed your acceptance.

USPS Acknowledgment of Deposit

1. By electing to rent, lease or use computerized meter resetting system ("CMRS") meter equipment, you must transfer funds to the United States Postal Service ("USPS"), through a lockbox bank ("Lockbox Bank") for the purpose of prepayment of postage on CMRS-equipped meters ("Deposit"). 2. After the effective date of the LTOP, equipment rental or meter rental agreement between you and Pitney Bowes, you may, from time to time, make Deposits in the Lockbox Bank account identified as: "United States Postal Service CMRS-PB." The USPS may, at its discretion, designate itself or a successor as recipient of Deposits by you. 3. Any Deposit made by you shall be credited by the USPS only for the payment of postage for CMRS equipment. Such Deposits will be held within the Postal Service Fund at the U.S. Treasury and may be commingled with Deposits of other customers. You shall not receive or be entitled to any interest or other income earned on such Deposits. 4. The USPS will provide a refund to you for remaining postage balances in CMRS equipment. The Lockbox Bank will provide a refund to you for deposits otherwise held by the USPS. These refunds are provided in accordance with the rules and regulations governing deposit of funds for CMRS, published in the Domestic Mail Manual or its successor. 5. The Lockbox Bank, which shall collect funds on behalf of the USPS, shall provide Pitney Bowes, on each business day, information as to the amount of each Deposit made to the USPS by you, so Pitney Bowes can update its records. 6. Pitney Bowes may deposit funds on your behalf. The USPS will make no advances. Any relationship concerning advances is between you and Pitney Bowes, PBGFS and/or the Bank. 7. You acknowledge that the terms of this arrangement may be changed, modified, or revoked by the USPS, with appropriate notice. 8. USPS regulations governing the deposit of funds for CMRS are published in the Domestic Mail Manual or its successor. You shall be subject to all applicable rules, regulations, and orders of the USPS, including future changes to such rules, regulations and orders, and such additional terms and conditions as may be determined in accordance with applicable law. The USPS rules, regulations, and orders shall prevail in the event of any conflict with any other terms and conditions applicable to any Deposit. 9. By engaging in any transaction through the Lockbox Bank, which will have the effect of setting postage through CMRS meter equipment, your activities concerning CMRS are subject to this USPS Acknowledgment of Deposit.
