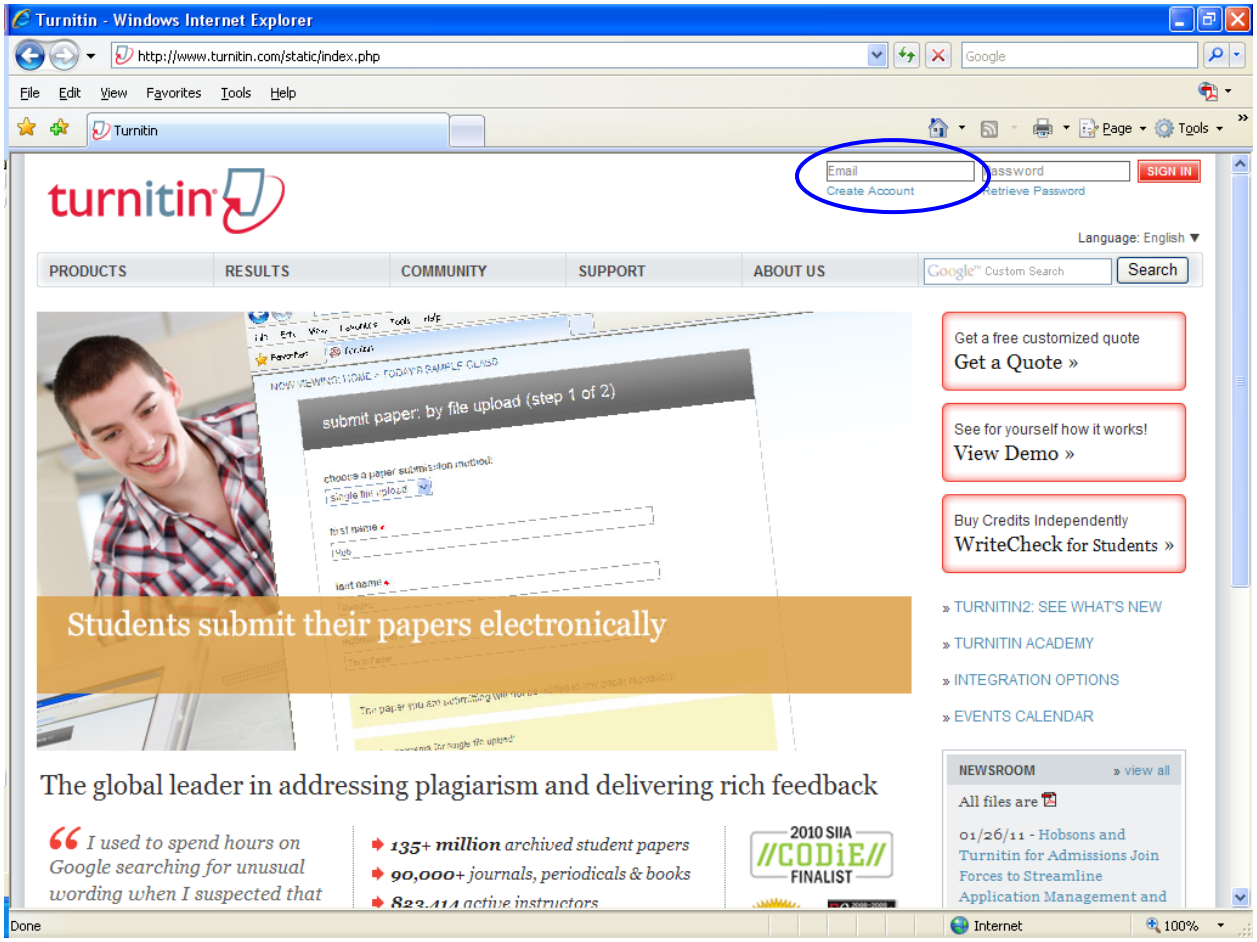
Getting Started

This section consists of information related to the following topics:

Accessing Turnitin 2
Step 1: Creating a User Profile 3
Step 2: Creating a New Student Account 4
Step 3: Reviewing the User Agreement 5
Step 4: Enabling Cookies from Turnitin.com 6

Assessing Turnitin

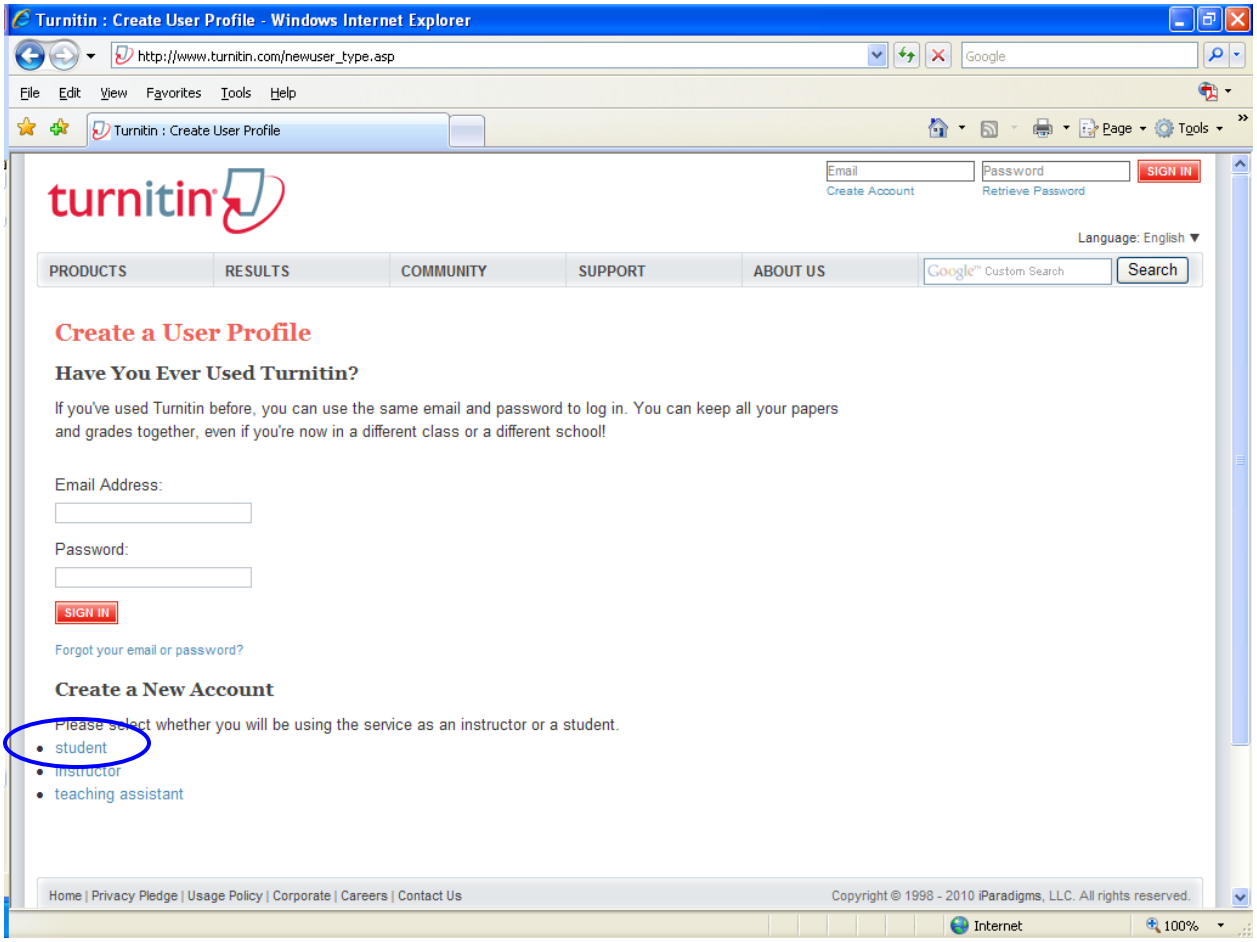
In order to access Turnitin's services, you must create a profile at www.turnitin.com.



Click on the Create Account link, which is located in the upper right hand corner of the homepage.

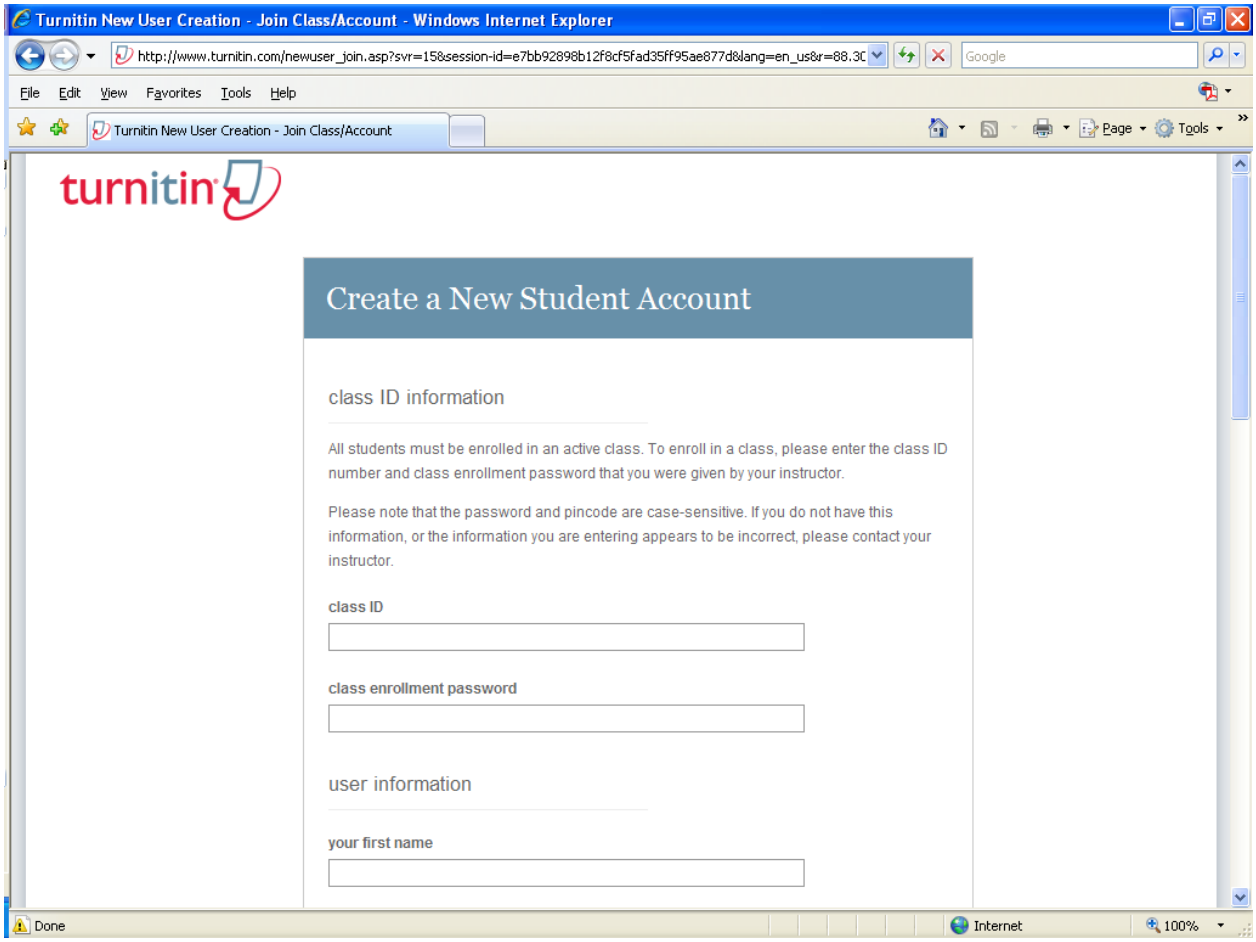
Step 1: Creating a User Profile

In the Create a User Profile screen, click on the **student** link.



Step 2: Creating a New Student Account

You will then be directed to the Create a New Turnitin Student Account form.



Enter the class ID number and the Turnitin class enrollment password. The Turnitin class enrollment password is case sensitive.

Class ID: 3844024

Enrollment Password: allied

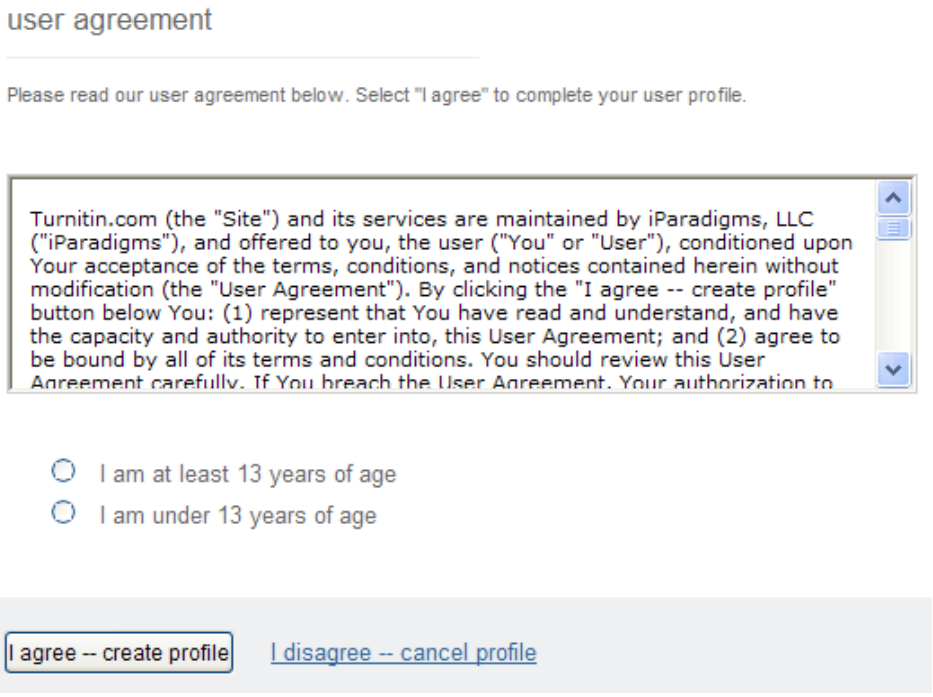
Complete the remaining information on the Create a New Turnitin Student Account form.

When you create a user password, **your password must be between six and twelve characters long and contain at least one letter and one number**. You will reenter the password to confirm it.

In addition, you will be asked to select a secret question and provide an answer. Please note this information and keep it in a secure location.

Step 3: Reviewing the User Agreement

Review the user agreement and verify that you are at least 13 years of age. Then click on *I agree—create profile*.



You have now successfully created an account in Turnitin. Before using Turnitin, please complete Step 4 on the next page.

Step 4: Enabling Cookies from Turnitin.com

It is recommended that you enable your web browser to accept cookies from Turnitin to ensure greater security when signing in and using Turnitin.
