BATTERY REPLACEMENT

WARNING:

- Keep batteries away from children. If swallowed, contact a doctor or emergency personnel immediately. Batteries contain chemical substances. They should be disposed of properly according to local regulations.

CARE AND MAINTENANCE:

- Never attempt to disassemble or service your unit it will void the warranty.
- Protect the unit from extreme heat, shocks, magnetic fields, electrical noise and prolonged exposure to direct sunlight.
- Unit can be cleaned with a lightly moistened cloth. Apply mild soap to the area if there are stubborn stains or marks.
- Do not expose unit to strong chemicals such as gasoline, clean solvents, acetone, alcohol or insect repellents, as they may damage the unit's seal, case and finish.
- Do not swing, drop or step on the stopwatch.
- Do not wash the stopwatch or touch it with wet hands.
- Store the unit in a dry place when you are not using it.
- Keep the stopwatch out of reach of young children.

To avoid the possibility of permanent damage, we recommend taking your stopwatch to a local jeweler to have the battery replaced.

When LCD becomes dim, replace with a new type CR2032 battery.
