Dishwasher Brochure 2014/2015

*Our new Inspiration
Dishwasher Range*

Designed for the keen entertainer

Thinking of you
Electrolux

Dishwashers

For more than 90 years, Electrolux has been the home and professional appliance leader in Europe's finest homes, kitchens, laundries and restaurants. In Australia, Electrolux is the preferred brand of celebrated chefs like Tetsuya Wakuda and Peter Gilmore. Inspired by the fast-paced world of professional kitchens, our new Inspiration Range of dishwashers offers a host of innovative features to help make life easier when entertaining at home. With an extra tall tub and generous internal space, the RealLife XXL Wash System has been cleverly designed to fit those larger, awkwardly shaped items like chopping boards, pots and pans, while the highly efficient FlexiSpray arm ensures water reaches all parts of the tub for a sparkling clean.

Reasons to choose an Electrolux dishwasher

1

RealLife XXL Wash System

Now you can be creative and prepare multiple dishes without having to worry about washing up. With its extra tall tub and generous internal space, the RealLife XXL Wash System has been cleverly designed to fit those larger, awkwardly shaped items like chopping boards, pots and pans. The innovative, highly efficient FlexiSpray arm ensures water reaches all parts of the tub for a sparkling clean.

2

Take control with TimeSaver

Designed to complement your busy lifestyle, the new TimeSaver option puts you in control. You can cut the length of selected cycle times so that your dishes are ready at a time that suits you. You can also wash a full load in up to 50% less time with the Eco, FlexiWash and Intensive programs. This handy option increases the pressure and the temperature of the water to ensure fabulous wash results every time.

3

Intelligent AutoFlex program

Now you can let your dishwasher do the thinking for you. We know every load of dishes is different, so we created AutoFlex, an intuitive program that automatically selects the optimum temperature, water, energy and wash time. It's incredibly easy to use and offers exceptional results and efficiency. What's more, the multi-stage AutoFlex sensors detect the degree of cleaning needed and the quantity of items in the baskets for an optimum performance.

4

FlexiWash program

Offering supreme flexibility and everyday convenience, the FlexiWash program allows you to wash delicate items like glassware with heavily soiled pieces together in one load. A higher temperature and greater water pressure in the lower basket cleans even large items like pots and pans. While a lower temperature and gentler water pressure in the upper basket carefully washes delicate items.

5

Inverter system

Enjoy the peace that comes with an ultra-quiet dishwasher. With a whisper-quiet 41dB(A) operation noise level, you can wash your dishes at any time that's convenient for you. The Inverter Motor is also extremely durable and long lasting. (ESF6800ROX only)

6

XtraPower option

Experience professional cleaning results on even the most heavily soiled loads with the XtraPower feature. This high-power option increases the water pressure in the prewash and washing phases by 40% to ensure a sparkling clean every time. (ESF6800ROX only)

7

MyFavourite program

Because time is precious, we created a special MyFavourite program for your most commonly used wash cycle. This handy feature allows you to save your personal favourite wash program and use it with the touch of a button.

8

ActiveDry

Enjoy exceptional drying results with the energy efficient ActiveDry System. It cleverly uses the natural evaporation of the final hot rinse and a steam removal system to effectively dry your dishes.

Model shown: ESL6610RO

RealLife XXL TimeSaver Dishwasher

ESF6800ROX

Designed for the keen entertainer, this dishwasher includes a range of premium features like TimeSaver and XtraPower, catering to a wide range of demands other than everyday wash. With a whisper quiet Inverter motor, you can conveniently wash at any time that suits you and your guests.

Technical info

Product dimensions

596 (W) x 850 (H) x 610 (D)

Features

- RealLife XXL Wash System
- Take control with TimeSaver
- XtraPower option
- Intelligent AutoFlex program
- FlexiWash program
- Inverter motor, 41dB(A) noise level
- MyFavourite program
- ActiveDry system
- Intuitive full touch control with LCD display
- 30 minutes QuickPlus at 60°C
- FlexiBasket
- One Hour program
- Delay Start: 1-24 hours
- Aqua Control anti-flood protection
- Auto Off
- Mark-resistant stainless steel door

The Thoughtful Design Innovator.

Do you remember the last time you opened a gift that made you say "Oh! How did you know? That's exactly what I wanted!" That's the kind of feeling that the designers at Electrolux seek to evoke in everyone who chooses or uses one of our products. We devote time, knowledge, and a great deal of thought to anticipating and creating the kind of appliances that our customers really need and want.

This kind of thoughtful care means innovating with insight. Not design for design's sake, but design for the user's sake. For us, thoughtful design means making appliances easier to use and tasks more enjoyable to perform, freeing our customers to experience that ultimate 21st century luxury, ease of mind. Our aim is to make this ease of mind more available to more people in more parts of their everyday lives, all over the world. So when we say we're thinking of you, you know we mean just that.

The "Thinking of you" promise from Electrolux goes beyond meeting the needs of today's consumers. It also means we're committed to making appliances safe for the environment —now and for future generations.

Electrolux. Thinking of you.

TOP SERVICE

Electrolux Top Service encompasses the after sales service including Delivery, Home Service and Spare Parts.

delivery

The purchase of a new appliance is an exciting experience. Electrolux customers can, for an additional charge, choose to have their new appliance delivered by our experienced staff. This service, at the customer's option, includes the removal and recycling of packaging materials and even the old appliance if necessary. Delivery is available in Adelaide, Brisbane, Melbourne, Perth and Sydney. It may not be available in some rural locations and is not available in New Zealand.

home service

Home Service is provided for repairs to appliances by trained technicians. For repairs to appliances that are outside the manufacturer's warranty period and not required as a result of a manufacturing defect, a service fee is payable. Home Service is available throughout Australia and New Zealand.

spare parts

Home Service and Spare Parts can be contacted by phone using our toll free national numbers.
