

DC1208UK

DC Power Supply

Item ref: 660.430UK

User Manual

Function:

Plug in power supply giving 12Vdc from an integral cigar lighter socket.

Ideal for charging mobile phone batteries and other 12Vdc items

Conforms to BS1363 clause 12

Technical data:

Input Voltage: AC 230V 50Hz

Output Voltage: DC 12 V

Output current: 800mA max.

Output power: 9.6W

Instructions:

1. Please read these instructions fully before using this apparatus.
2. Check the housing for damage.
3. Connect the unit to be powered to the cigar lighter socket.
4. The unit to be powered **must not** draw more current than the maximum continuous current of the power supply, in order to prevent overload. (The continuous current draw, should be no more than 80% of the output current max.).
5. Plug the power supply into a wall outlet.
6. The Red LED indicator will light.

Warning:

1. For indoor use **ONLY**.
2. Risk of electric shock, **do not open**.
3. **Do not** install and operate the device in extreme heat, moisture or dusty environments.
4. **Unplug** the power supply when not in use.
5. The appliance is not intended for use by children or infirm persons without supervision.
6. This appliance is **not** intended for use by persons (include young children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
7. Young children should be supervised to ensure they do not play with the appliance.
8. This unit is double insulated.

Disposal:

Please dispose of this device according to the current statutory requirements.

*Errors and omissions excepted.
