**Thank you** for purchasing the GOgroove™ BlueSync™ 2.1 channel dynamic Bluetooth stereo speaker. Say “goodbye” to wires with this high-powered speaker that allows you to move freely with your Bluetooth® enabled device from up to 30 feet! The GOgroove BlueSync also supports non-Bluetooth audio devices with the included 3.5mm cable and Aux line-in port. The BlueSync’s stylish, modern design and high-fidelity sound compliments and equips any room with stunning Bluetooth audio.

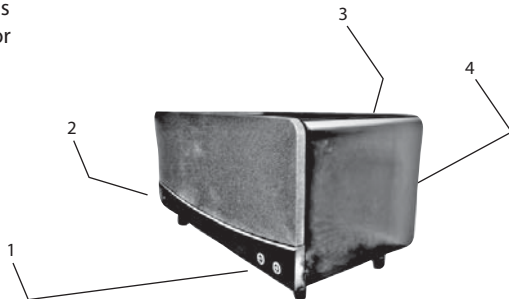

### What’s in the box?

- a- BlueSync speaker
- b- AC plug
- c- 3.5mm audio cable

### Product Diagram

- 1 - Volume +/- buttons
- 2- Power LED indicator
- 3- On/Off switch
- 4- Aux line-in port

## Operating Instructions:

### Connect the BlueSync to Power

Connect the (b) AC plug into a wall outlet. Locate the (3) On/Off switch on the rear of the speaker and switch it to the ON position. The (2) Power LED indicator will illuminate to indicate power flow.

### Pairing your mobile Bluetooth device to the BlueSync

Pairing instructions may differ depending on the device you are using. Please refer to your device's user manual for further information. The **BlueSync** will automatically enter PAIRING MODE when turned ON, indicated by the blinking (1) Volume +/- buttons.

- 1- Make sure that your mobile device is within at least 3 feet of the receiver when trying to pair.
- 2- Confirm that the (1) Volume +/- buttons are flashing. Access the Bluetooth settings in your mobile device and select SEARCH/SCAN FOR DEVICES. Your mobile device will begin to search for a Bluetooth signal.
- 3- You will see the name "GG-BLUE-SYNC" appear in the device list. Select it to pair, and if a password or PIN is needed enter the numbers "0000". \*\*\*You may have to then select "GG-BLUE-SYNC" and press "CONNECT".
- 4- After a successful connection has been made, you will hear a short tone and the (1) Volume +/- buttons will stay illuminated.

### Playing music

- 1- Make sure that your Bluetooth A2DP (audio/music) mobile device is paired with the **BlueSync**.
- 2- Simply begin playing music on your mobile device and you should hear the music play through the **BlueSync**. If the music is low, increase the volume on the **BlueSync** first, then adjust your device's volume.
- 3- To connect a device which does not have Bluetooth capability, you may use the (4) Aux line-in port on the **BlueSync**. Just use the included (c) 3.5mm audio cable. Connect one end to the headphone jack of your music playing device and the other end into the (4) Aux line-in port on the rear of the **BlueSync**. Once connected, the (1) Volume +/- button lights will turn off. Begin playing music on your mobile device and you should hear the music play through the **BlueSync**.

## Troubleshooting

### Why can't I get the BlueSync to pair with my mobile device?

- a) Please make sure **BlueSync** is in PAIRING MODE and that (1) *Volume +/- buttons* are flashing. If not, please turn off the **BlueSync** and start from the beginning of "Pairing your mobile Bluetooth device to the BlueSync" instructions on the previous page.
- b) Please make sure the (c) *3.5mm audio cable* is disconnected from the (4) *Aux line-in port*. Once disconnected, the **BlueSync** will enter PAIRING MODE again.

### Why can't I play music via Bluetooth using my mobile device?

- a) Please make sure that your Bluetooth mobile phone supports A2DP (audio/music) connection, and that it has been paired properly.
- b) Please make sure only one device is paired to the **BlueSync** at a time. When you disconnect a device from the **BlueSync** you will hear two short tones.

### Why can't I hear any sound?

- a) Please make sure that the (3) *On/Off switch* is in the ON position and that the (2) *Power LED indicator* is illuminated.
- b) Please make sure that the volume on your mobile device and the **BlueSync** are loud enough.
- c) Please make sure that your mobile Bluetooth device is within 30 feet of the **BlueSync**. The maximum Bluetooth range may vary in different environments and on the paired device.

## Cautions

- Please only use this product in the manner described in this manual.
- Please keep out of the reach of children.
- Do not expose the unit to dust, water, or extreme temperatures.
- Do not attempt to disassemble the product.
