Wireless Laser Mouse

USER MANUAL

Thank you for choosing Xcellon.

The Xcellon MSW-L22 Wireless Laser Mouse offers untethered freedom in your workspace, with a laser eye that can be used on nearly any flat surface—including transparent and mirrored glass. A USB nano-receiver, which stores under the mouse, plugs into your computer's USB port for reliable 2.4 GHz wireless transmission. Side buttons provide backward and forward navigation in your web browser, enabling efficient browsing with minimal effort.

Precautions

- Please read and follow these instructions, and keep this manual in a safe place.
- Keep this product away from water and any flammable gases or liquids.
- Always install AAA batteries of the same type and age. Do not combine different types or old and new batteries. This can cause the batteries to leak, overheat, or explode.
- Install the batteries in the proper orientation, as indicated by the markings in the battery carrier. Installing batteries in the reverse orientation can cause them to leak, overheat, or explode.
- Clean this product with only a soft, dry cloth.
- Keep this product away from children.
- All photos are for illustrative purposes only.
