INTRODUCTION

Congratulations on purchasing the El Jefe and welcome to the new generation of vaporizers. The El Jefe is a superb complete baking effect portable vaporizer. Utilizing the latest technology available the El Jefe is the ultimate 3 in 1 vaporizer in the market.

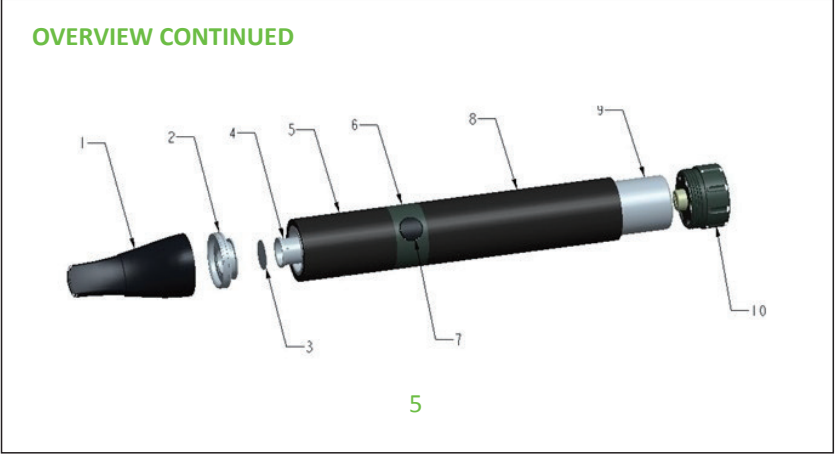

Simply fill your El Jefe vaporizer with Dry Herb, e-Liquid or Wax and get ready to vape in style.

GENERAL FUNCTION

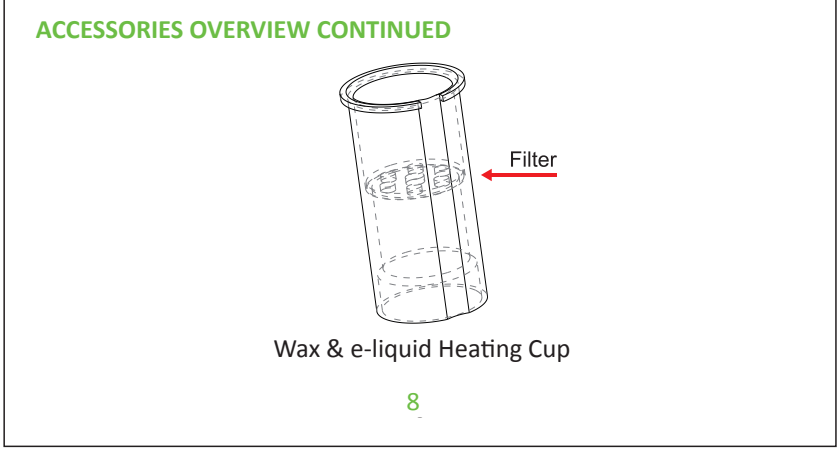

El Jefe heats and vaporizes Dry Herb, e-Liquid and wax to achieve the ultimate results. This device reduces tar, ash, many carcinogenic compounds and other hazardous toxins - more than your average vaporizer pen. Easy and discreet to use, El Jefe works under all conditions such as , outdoors in windy or wet weather as well as indoors. After three short hours of charging the El Jefe will be ready to use.

- PACKAGE CONTENTS**
- El Jefe Pen
 - Wax & e-liquid Heating Cup
 - 18500 Battery
 - 18500 Charger
 - Cleaning Brush
 - Packing Tool
 - Tweezer
 - Owners Manual

- OVERVIEW**
- Mouth piece
 - Connector Ring
 - Mesh Filter
 - Wax & e-liquid Heating Cup
 - Heating Chamber
 - Connector
 - Power Button
 - Battery Tube
 - 18500 Battery
 - Bottom Cap

- ACCESSORIES OVERVIEW**
- Charger
 - Tweezer
 - Cleaning Brush Tool
 - Packing Tool
 - Wax & e-liquid Heating Cup

PREPERATION

Charge the El Jefe device for 3 hours. The charger light will stay red while charging, once ready - the charger light will change to green. Insert the battery into the bottom of the vaporizer (see page 5). The power button will flash 3 times consecutively once installed properly.

Loading the El Jefe:

- Remove the mouth piece from the heating chamber.
- Fill chamber with grinded dry herbs. Use the packing tool to gently pack the chamber (do not over pack). Or fill the Wax & e-liquid Heating Cup with your liquid or wax - contents of the cup should never be above the filter.
- Snap the mouth piece back into the heating chamber

ACTIVATION

Place grinded dry herb directly inside heating chamber or place wax or e-liquid into the Wax & e-liquid heating cup, and place the cup into the heating chamber.

Press the power button rapidly three (3) times, the button light will be red. Indicating that the heating chamber has been activated. Once the El Jefe vaporizer reaches 374°F - 428°F, the power button will turn green and the El Jefe is ready to use.

Inhale slowly once the power button turns green.

INITIAL CHARGE

Recommended charging time for the El Jefe battery is 6 hours on the first charge. Charging the battery for the recommended 6 hours will condition the battery for future battery life span.

CHARGING AFTER INITIAL CHARGE

Charge the El Jefe battery for approximately 3 hours. The LED light will be red while charging and will turn green upon a full charge. When the LED light blinks eight (8) times, the device needs to be re-charged.

CLEANING AND MAINTAINING

When using the El Jefe vaporizer for an extended amount of time, the filter may become clogged and dirty resulting in a difficult draw or lower amount of vapor releasing through the mouth piece. Always make sure the El Jefe is completely cooled down before cleaning.

CLEANING THE HEATING CHAMBER

- Disconnect the heating chamber from the battery
- Remove the heating cup with the tweezer
- Use the brush tool to gently clean the walls of the heating cup and chamber

CLEANING AND MAINTAINING CONTINUED

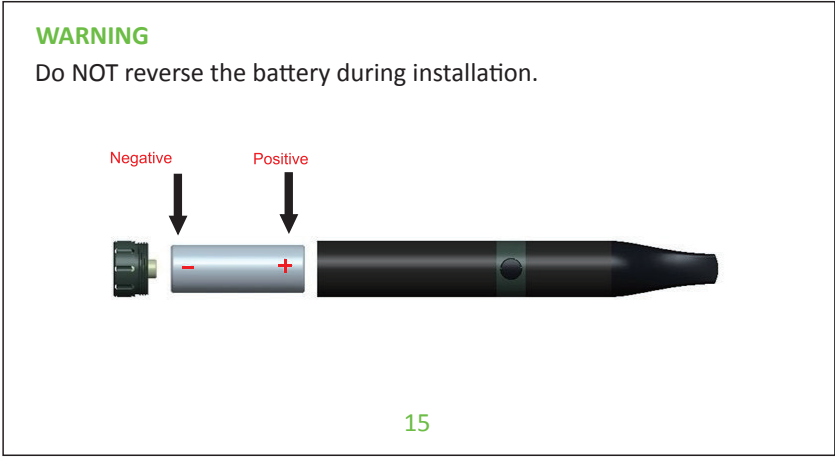

CLEANING THE FILTER

- Use the brush tool to gently clean the filter
- Wipe clean with a cloth to ensure a clear airway

CLEANING THE MOUTHPIECE

- Wipe the mouth piece with a damp paper towel.

- TIPS**
- For best results, do not pack the heating chamber too tightly with herbs. This will ensure an easy air-flow passage for even heating
 - Please remember to rapidly press the button three (3) consecutive times to activate the heating element before inhaling
 - After 2 minutes, the device will automatically turn off as an added safety feature. You will need to re-activate to continue use
 - In the event that the vapor is not releasing, use the packing tool to gently rotate herbs in the chamber
 - For best results, use grinded herbs and be sure to remove all stems and/or seeds before filling the chamber

- WARNING CONTINUED**
- Do NOT fill the heating chamber with any stems or seeds. Doing so will cause damage to the El Jefe vaporizer and void the warranty
 - Do NOT overfill the Wax & e-liquid Heating Cup. Liquid should never be above the filter.
 - Do NOT touch the Wax & e-liquid Heating Cup for at least one (1) minute after use. Cup will be hot
 - Keep the El Jefe away from water and other fluids
 - Do NOT put any objects into the opening of the mouthpiece

WARRANTY

1 Year Limited Warranty Information

The El Jefe device warranty will cover defects in materials and workmanship, under normal use for a period of one (1) year from date of purchase. All Claims must be submitted by original purchaser and must be submitted with original box, manual and receipt. All claims must be submitted online at www.vaporskunk.com. Vapor Skunk will repair or exchange the El Jefe with a new or refurbished unit.

The limited warranty does not apply to normal performance, degradation of battery or neglecting to adhere to cleaning instructions and use instructions.

LIMITED WARRANTY TERMS AND CONDITIONS

USE CAUTION

El Jefe chargers should never be left unattended or near carpet and rug areas. Failure to follow the above warning may result in burning of carpet or rugs and a potential fire hazard.

In order to prevent overheating-charge the El Jefe per instructions, for 3 hours, or until the green light indicates that the unit is fully charged and ready for use.

Do NOT leave the charger plugged in overnight

Do NOT plug the charger into a power strip

LIMITED WARRANTY TERMS AND CONDITIONS

Vapor Skunk will not be responsible for any special, consequential or incidental damages. Including, but not limited to the replacement of a carpet, rug, personal or real property.
