T850 – Touch this

The bea-fon T850 is an intelligent GSM device that combines the technical spirit of the time skillfully with the basic needs and the clear requirements of the "Best Ager". The sensitive multi-touch screen intuitively reacts on touch and thereby simplifies the operation of the mobile phone significantly. Big, memorable symbols show the user quickly and accurately the path to the desired applications, that also convince with a clear structure.

And also the Hearing Aid Compatibility, the SOS emergency button on the back as well as the desktop charger supplied, will make the T850 to something special.
